Nestle Boosts United Giving

By GARY SCHNEIDER
Press-Record Staff Writer

"Pledges and contributions to the Tri-Cities United Fund campaign have brought us to 26.1% of our goal but we have a long way to go," Paul H. Kelly, UF drive chairman, disclosed at the campaign's first report meeting yesterday at the YMCA.

He praised Nestle Co., Inc., workers for increasing their contributions 35.4%.

Kelly asked that there be no applause on the total drive figure thus far of \$107,000 pledged or given toward the \$413,661 goal.

"I do not think it is time for handclapping. We have not scheduled a victory dinner either, this year. I hope we can have one."

"The Tri - Cities Area United Fund has not made its goal for six years and if we are going to make it this year, it is going to mean that everyone is going to have to increase his contribution," Kelly told the volunteers gathered at the meeting.

He explained that the goal is what the 19 UF agencies estimate they will need next year to operate. "We have not torn down or changed the figures to reflect what we think the people will give. It is the obligation of the people in this community to meet the needs of these agencies," he stated.

"We feel these are reasonable and realistic figures and that the workers in each division should set themselves to meeting this challenge," he added.

The workers listed the total collected and pledged in each of the eight divisions. The industrial firms division reported \$78,983, or 83.1% of its \$125,000 goal had been reached, the largest percent collected as of the first meeting.

Second was the residential and clubs division which listed collections of \$3,169, or 62.3% of the \$5,000 goal. The total included \$1,036 raised by the hole in one contest held late last month and early this month, and \$1,362 collected in the drive.

Other divisions reporting were the industrial employees with \$22,436, or 12.1% of its goal of \$185,000; public service with \$1,063, or 4.6% of its \$23,000 goal; commercial with \$2,218, or 4.4% of its \$50,000 goal, and professional with \$20 pledged or contributed, only 1.8% of the division goal of \$16,000.

Other quotas are Madison, \$5,000, and Venice, \$3,000. "The percentages at the first meeting traditionally are rather light and I do not want you to get discouraged. Most divisions

are reporting now about where they have reported in the past," Kelly stressed.

Each year it becomes more difficult to reach the goal, Kelly said, explaining that industrial employment at the 65 largest firms in the Quad-Cities has decreased from 19,339 in January of 1965 to 13,894 in July, 1971.

"That is a drop of about 6,000 employees in the same period the United Fund has not reached its goal."

"Failure to meet our goals during this period has not been the sole fault of the United Fund. In order to do what we have done, people have had to give more than they ever have," he added.

He said that despite rises in pledges and contributions in many divisions, some divisions, gave approximately the same amount last year as they have been giving since 1965.

He cited public service employees as one group which has not significantly increased its contributions in six years.

"We know that there are more school employees and that they and state and county employees are receiving more income but their giving has not gone up proportionately."

"In contrast to those with steady jobs are our industrial employees, who could be laid off but continue to increase their giving," Kelly related.

He used the example of employees at Southern Illinois University at Edwardsville, saying that 70 Quad-City residents were there and only \$192 was given last year. "That is less than \$3 per person while our plant worker contributions are averaging better than \$25 per person," he noted.

"The fair share schedule is not a 'pie in the sky' idea. Kelly said and added that a large number of people give their fair share."

"If just school teachers in this area would pick up the slack, we could make the United Fund go," Kelly stated.

He cited Nestle Co., Inc., employees for their example of sharing, increasing their participation in the continuous-giving program by 35.4%.

The company increased its participation by over 29%.

Walt Shuran, plant superintendent, explained that the campaign workers met with all employees and showed a United Fund leaflet with a picture featuring Johnny Cash.

He said that 90% of all Nestle employees are contributing to the continuous-giving program. He also credited two union employees — Wilmer Stinson and Ronald Luebke — with "an especially excellent job in the plant solicitation."

CONGRATULATING NESTLE WORKERS yesterday for boosting United Fund pledges at the plant by 35.4% is Paul H. Kelly, far left, chairman of the UF drive in the Quad-Cities. Others shown are, from the left, Roger Higgins, Nestle plant manager; Wilmer Stinson, president of National Association of Machinists Local 572, shaking hands with Kelly; Walter Shuran, plant superintendent; and Ronald Luebke, maintenance mechanic and a member of Local 572.

'Hot Line' for Youth Started

By VALERIE EVENEDEN
Press-Record Staff Writer

"We won't tell a caller what to do. We will listen, try to help him reorganize his thoughts or change his mood and, hopefully, realize the results of the actions he is taking, or thinking about."

The speaker was Dale Forsgren, one of the originators of the "Hot Line" which went into operation in the Quad-Cities during the weekend.

Primary purpose of the service is to aid young people in trouble or those unable to cope with a situation facing them.

The number to call for help is 876-0900.

Similar "hot lines" have been provided in many other communities, including Alton and Champaign, where the local sponsors observed operations over a period of time.

Need Is Here

Dale Forsgren and Mike Jakich, both former students at Southern Illinois University at Edwardsville and now working in Granite City, conceived the idea for establishing such a project here after talking with local youth counselors, administrators and students at the university and among young people themselves.

Quad-City clergymen, physicians, youth agency personnel and SUE staff members have agreed to assist in the program, Forsgren said.

A sufficient number of volunteers can be trained by SUE personnel, professional people are staffing the telephone on weekends, along with Jakich and Forsgren.

Service on Weekends

For the next two weeks or so, a limited service will be offered on weekends only, the sponsors explained. Hours that the telephones will be staffed are from 6 p.m. to 2 a.m. Friday through Sunday.

A weekday schedule is planned for the evening hours and will go into operation later this month, Forsgren said.

Volunteers still are being sought and may contact Forsgren at 451-7660, for additional information.

No Age Restrictions

Although most volunteer staffers are expected to fall into a "younger age bracket," Forsgren stressed there is no restriction on the age of those wishing to help in the program.

The young man pointed out that among the 10 volunteers currently enrolled are two "housewife-age women" and two registered nurses.

Those accepted into the program must have the ability to deal with others on a telephone, be willing to take training and provide their own transportation to the "hot line" headquarters, Forsgren said.

30 Hours Training

"No one will handle calls

coming into the hot line center until he or she has completed training and is judged competent to respond correctly to all types of callers," the organizers reported.

In excess of 30 hours training will be provided by SUE faculty members, in cooperation with the SUE Action Committee, to qualify volunteers.

Jakich and Forsgren have received instruction from the Services for Youth group in Alton and have worked closely with another group to gain experience.

Knowledge gained through other "hot line" programs reveal two basic types of calls will be received at the center.

The first is when an immediate

What Are You Doing Friday? How About a Football Game?

Have residents of the Granite City community unit school district become too sophisticated and cosmopolitan?

Are there too many other activities available for high school football to capture the interest of students and the public?

Such questions concern Wayne Williams, GCHS football coach, who would like to see a mammoth crowd at the annual homecoming game at 8 p.m. Friday at the school stadium adjacent to Fehling Road.

He would like to see that kind of crowd, but he is sure it will not materialize. The student body and other spectators fans don't care enough, or have "too many fish to fry," in his opinion.

Division Trying to Cut Costs, Lower Its Bids

Attempts to trim expenses and become more competitive continued this week at the Castings Division of General Steel Industries as several salaried personnel were given notices Monday that they will be laid off the end of this month.

W. Ashley Gray Jr., president of GSI, told the Press-Record Tuesday that 1,234 persons were employed at the Castings Division this week and that the number is expected to be about 1,200 in one month. The present number of employees is about the same as in August, he added.

In discussing the decreases in salaried staff, President Gray said, "We are suffering from a loss of business. We are making every attempt to cut expenses. This is a tough decision for the company."

Gray said the staff cuts include hourly personnel, the

number of which is constantly changing with the volume of sales orders. Reductions in salaried employees have primarily centered on engineering and sales personnel.

Honor War Veterans -- But When?

By MARION BARTOSIAK
Press-Record Staff Writer

Most students in area school districts will have a holiday on Monday, Oct. 23, as the date set by the federal government for the official observance of Veterans' Day. But it will be another usual Monday for most residents.

There will be little impact on general business and government activities on the holiday, as the Illinois General Assembly has returned to the traditional date of Nov. 11 for the observance.

However, Nov. 11 will be a Saturday next month, and again there will be little effect on the normal routine, according to a Press-Record survey.

Schools in the Granite City and Madison districts will be closed on Oct. 23, as the date was set in the official school calendar adopted before the state changed the date.

Madison public schools will remain in operation and the Board of Education chose an option of postponing a day off until after Easter Monday, which had been on the school calendar as an attendance day.

The school districts next year are expected to adhere to the state observance dates.

Post offices will be closed and there will be no mail deliveries on Oct. 23.

The Illinois State Employment Service will remain open in any event, as employees at that local office declined to take Columbus Day off for a holiday.

But the Driver License Examining Station will observe the Nov. 11 date, with the office to be closed on the Friday before.

Madison County and municipal offices will remain open Oct. 23 in adhering to the state observance date.

Most business establishments, banks and savings and loan institutions are expected to be open on both dates.

Local veterans' organizations have bypassed formal observances with special events in recent years.

Nov. 11 once was observed as Armistice Day to celebrate the end of World War I, but the name subsequently was changed by Congress to honor veterans of all wars.

Large Firm Interested

Sasyk indicated plans for the industrial center have been encouraged by what he described as "a very large industrial company which is very interested in the park." He declined to name the company.

"There has been no decision to close the Castings Division," Gray said. "There are no plans at this time to close any section of the plant, even temporarily."

If orders do not increase, personnel cuts may be expected to increase gradually, he related. He indicated that several orders due to be completed in future months have been undertaken immediately to keep the plant operating.

The Castings Division recently was underbid on railroad car underframe business with the New York Transit Authority and the Washington subway system.

Gray said the loss of such contracts indicates that competitors can produce the products more cheaply than the Castings Division. "We cannot be competitive with our present costs," he commented.

Gray disclosed that various means of reducing costs are being explored. He concluded, "We are making every effort to cut expenses."

Car Kills Child, 2½

Kate Elizabeth Talbert, 2½, daughter of Mr. and Mrs. Larry Talbert, 3223 Maryville Road, Apt. 8, died at 8:30 p.m. Monday at Cardinal Glennon Hospital, St. Louis, of injuries sustained when she was struck by a car that evening.

She stepped from in front of a parked auto and into the path of a car driven by Stacy Ell, 15, of 1532 Rodger Ave., at 8:30 p.m. Monday in front of her apartment house.

The driver, who was charged with driving without a license, told police that she applied the brakes and swerved to the left to avoid her but that the child was struck by the right front of the auto.

A passenger in the auto, William G. Bagl, 20, of 3119 Harvard Place, was charged with permitting an unauthorized person to drive.

The victim was taken by ambulance to St. Elizabeth's Hospital, where she was examined and transferred to the St. Louis hospital.

The child was born in Carbondale and came to Granite City with her parents upon the opening of school this year. Her father began teaching metal shop vocational classes at Granite City High School in September.

Surviving besides her parents are her paternal grandparents, Mr. and Mrs. Clarence Talbert of Onarga, Ill., her maternal grandparents, Mr. and Mrs. Darrell Townsend of Roberts, Ill., and her great-grandparents, Mr. and Mrs. Cecil Pettis of Onarga and Mrs. George Townsend of Roberts.

Burial services are to be held at 2 p.m. tomorrow at an Onarga funeral home with interment in Onarga Cemetery. Onarga friends may call at the funeral home after 3 p.m. today.

Fund Transfer For Less County Per Diem Pay

Can Madison County Board members continue to earn over \$13,000 monthly in "per diem pay"—at \$40 for the first committee or board meeting attended on a particular day?

Not unless they transfer more money to the \$150,000 allocation for meetings and travel pay of 15 cents per mile—or unless they curtail the number of meetings, or stop billing the county for those they attend.

The topic is expected to be considered at the Oct. 18 board meeting. If a transfer is made, it is likely to come from the contingency fund, where more than \$100,000 is available.

The fiscal year runs from Dec. 1 to Nov. 30. Through the first ten months, \$148,585 has been spent, including \$16,097 for September.

Of the 29 board members, 28 are eligible for reimbursement. The board chairman, Nelson Hagnauer of Granite City, receives a flat \$10,000 yearly salary by virtue of holding that office.

J. J. Gramlich of Highland led the September list with a claim of \$874, followed by Jay

Maurer of Venice, \$816. Quad-Cityans on the list also included Louis Whitsell at \$691, William Webb \$602, Arthur Moore \$567, Carl Buehler \$468 and Herbert Milton, \$454.

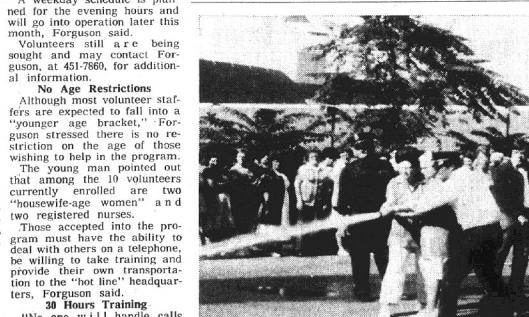

Meetings paid for totaled 387; another 30 did not qualify because state law limits such pay to one meeting a day.

Chairman Hagnauer has urged a reduction in the number of committee meetings to keep within the budget and expects to confer with committee chairmen on the issue prior to next Wednesday's board session.

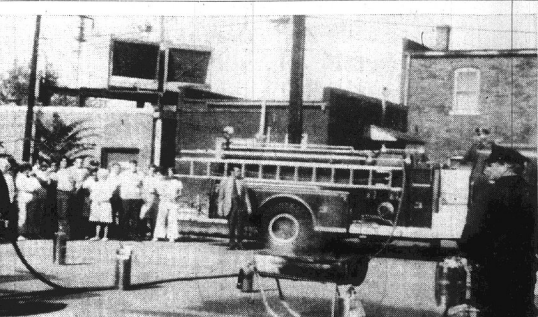

The former 40-member board of supervisors spent \$148,710 per diem and mileage during 1971, or about \$30,000 less than the potential figure for the new board, if present patterns prevail.

The August tally of \$15,238 included \$852 for Whitsell, who headed the county list, \$752 for Albert Doerr, \$721 for Maurer, \$516 each for Webb and Buehler, \$408 for Milton and \$389 for Moore.

The July pay totaled \$15,600.

FIRE FIGHTING TACTICS are demonstrated by Granite City firemen to give St. Elizabeth Hospital employees first-hand instruction Tuesday in the use of firefighting equipment. Left to right, around the firehouse, are Capt. Leonard Wilson, Mrs. Louise Begando and Mrs. Mary Briggs, both of the hospital's laundry department, and Capt. Robert Nunn, in white shirt, who explains

procedures in using equipment. Holding hose at rear is Tom Byrne who works in the store room. Standing next to the fire truck in the background is B. T. Pinney, director of Safety and Security for the hospital. National Fire Prevention week is being observed here through Friday.

Lecture on Philosophy Set Friday at SIUE

Giorgio Tonelli, professor of philosophy at the State University of New York, will speak at 10:30 a.m. Friday in the Illinois Room of the University Center at Southern Illinois University at Edwardsville. The public is invited.

The lecture is entitled "Good Sense, Right Reason, Lumen Naturae in 17th Century Philosophy" and is sponsored by the philosophical studies department at SIUE.

Prof. Tonelli studied and taught in Italy and France before coming to this country. His specialty is aesthetics and German philosophy during the period just prior to Kant's Critiques.

He is the author of seven books, principally in Italian, more than 30 published papers and numerous encyclopedia articles. Tonelli is co-editor of the series: Studies and Materials zur Geschichte der Philosophie and chairman of the North American executive committee for the yearbook Studi Intersezionali di Filosofia.

Busch Enlists in Navy, Trains at Orlando, Fla.

Michael Busch, 19, son of Mr. and Mrs. J. Patrick Busch, 25 Bermuda Lane, has enlisted in the Navy for two years and now is receiving training at the Orlando, Fla., Recruit Training Center.

Upon completion of training on Nov. 24, he will be assigned to the communications school at Pensacola, Fla. Busch was graduated last June from Granite City High School and spent the summer on the Boy Scout staff at Camp Sumner.

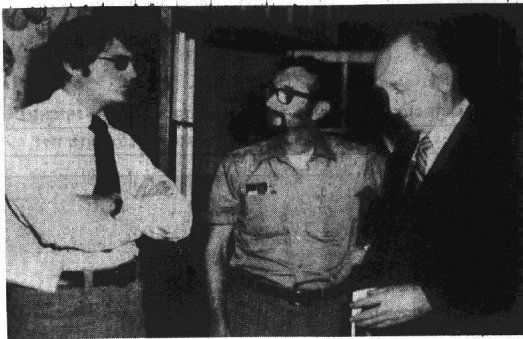

Rites Today for Sister Of Venice Resident

Funeral services were held at St. Joseph's Catholic Church in East St. Louis this morning for Mrs. Willie Florence Powers, 35, of 716 N. 37th St., a sister of Mrs. Theresa Washum of Venice.

Mrs. Powers died Sunday in St. Mary's Hospital, East St. Louis. Other survivors include her husband, Eddie Powers Jr., and a brother Leroy Young of Rockford.

Dedication Sunday of Russell Johnson School

Public dedication ceremonies for the new Russell D. Johnson Elementary School on Old Alton Road near Norwood Drive will take place at 2 p.m. Sunday.

Among the distinguished guests will be Mrs. Russell D. Johnson, wife of the late superintendent of schools for whom the new school building is named, and members of his family. Principal speakers at the dedication will be Carl Macios, president of the Granite City School Board; Wilbur R. L. Trimpe, superintendent of the Madison County Education Service Region; and B. J. Davis, Granite City superintendent of schools.

First Assembly of God Church and the Rev. Gus Falter, pastor of Pontoon Beach Baptist Church, will deliver the benediction.

The public is invited to attend the dedication which will be followed with a tour of the new building and refreshments. City and township officials have been invited to the ceremony, together with representatives from other Granite City public and parochial schools. Also expected to attend are members of Boy and Girl Scout organizations, Parent-Teacher associations and civic and service clubs.

The late Russell D. Johnson Sr. was a key figure in the growth and development of the Granite City school system. Prior to his unexpected death on Friday, Nov. 11, 1966, when he was stricken with a fatal heart attack at home, the educator had spent 40 years in the local school district.

Bandit Gets \$300 Court Decision May In Madison Drug Store Robbery

An armed robber escaped with about \$300 in cash and checks in a holdup at Reese's Drug Store, Third Street and Madison Avenue, Madison, at 7:25 p.m. Tuesday.

Steve Horvath, who was working at the time, said the man approached him and asked for a package of cigarettes. The robber then aimed a small revolver at him and asked for all of the money in the cash register, Horvath said. The employee complied and the man left after saying, "Don't say anything or I'll shoot."

He ran west on Third Street toward State Street, Horvath reported. Madison police searched the area shortly after the robbery but were unable to locate the man.

Horvath described the robber as about 26 or 27 years of age, with an Afro style haircut and a mustache, and wearing red and green plaid trousers.

Court Decision May Doom Parochial Here

A Supreme Court ruling Tuesday may have an adverse effect on an Illinois bill designed to provide financial relief for parents of parochial school children.

The high court ruled 8 to 1 against Ohio aid to nonpublic school as an "unconstitutional establishment of religion." The Ohio plan provided for \$50 per year payment to each student in private schools and a minimum of \$600 per year for each student in public schools.

Don Rubin, an attorney for supporters of the Illinois bill, said that the bill here is different and the Ohio ruling will not affect the outcome of court action on Parochial in Illinois.

The Illinois bill, ruled unconstitutional by a Circuit Court judge in Chicago, would have provided for payments to parents earning \$3,000 a year or less.

Walker Volunteers Plan Poster Party

Nearly every room at Nameoki School was ransacked, American flags were torn or thrown to the floor of each room and the cafeteria was vandalized in a burglary reported at 7:30 p.m. Monday.

Entry was gained by forcing the rear door to the boiler room. Fire extinguishers were sprayed on floors where large footprints were found. School officials called two custodians to clean up the damage.

Madison Man Robbed Of \$190 Cash, Car

Earl Browning, 48, of 1915 Fourth St., Madison, reported to Venice police this week that he was robbed of \$140 in cash and his 1969 auto. Police said Browning told them he picked up a man and a woman and was entering Venice on County road when the man put a gun to Browning's head and said, "Give me your money." The couple then forced him out of the car.

Clothing, Items Stolen In Burglary of Home

Clothing and other items were stolen and the house was ransacked in a burglary of the home of Phyllis Carbaugh, 2416 W. 34th St., after 10:30 p.m. Monday, she reported at 3:50 a.m. Tuesday. Entry was gained by breaking a rear bedroom window. Among the loot were two pant suits valued at \$126, a \$50 dress, a \$20 white evening dress, a \$75 white leather coat, other clothing, a \$25 clock radio and a portable television set.

OAKLAWN HOME BURGLARY

Al Maiotki, 33 Oaklawn Drive, reported at 10:10 p.m. Tuesday that burglars looted his home of items valued at \$220 between 7 and 10 p.m. Entry was gained through unlocked doors. Missing were an imitation gray full length fur coat, women's and men's costume jewelry and about 50 pennies.

Study Shopping Center Traffic Flow Patterns

Shopping center traffic flow patterns are being studied in the hope of preventing congestion and hazards, Norman Hall reported at the October dinner meeting of the Tri-Cities Area Chamber of Commerce board. Chairman of the committee on streets, highways, traffic and transportation, Hall reported state progress toward widening of Illinois Route 202 and said improvement of Pontoon Road is in progress.

It was decided to postpone election of Chamber officers until possible action by the general membership to revise bylaws.

The fiscal year began Oct. 1 and the board usually chooses its president, treasurer and two vice-presidents at the initial meeting after that date. The bylaw change would permit outgoing directors as well as new and holdover directors to be considered for office.

The meeting at Charlie's Restaurant was presided over by Dr. Albert W. Triant, 1971-72 president.

Board members starting three-year terms are Robert E. Backs, Maurice Dailey, Paul G. Halbert, James M. Henderson, Dale R. Kuehner, Ernest A. Karandjeff, Richard W. Kerch, Dr. Felicia D. Koch, Harold J. Matson, Mitchell B. Milonski, Ferd J. Pieper, Henry W. Ross and Paul M. Walter.

Directors with two years remaining on the Chamber board are Edgar B. Anderson, Dale Arnette, C. E. Blankenship, Ted Ellerman, Henry R. Gabriel, E. Ray Grisham, Robert L. Hillard, Allen L. Jesse, Paul H. Lichtenberger, Anthony E. Michel, Herman O. Schroeder and Mrs. Mary Sedekum.

Board members with another year to serve are Donald G. Adams, Chester L. Baker, Alvin T. Barnes III, Homer A. Huber, Howard W. Kaseberg, Edward N. Juneau, Frank L. Kraus, Michael P. Tondas and Dr. Triant.

Directors whose terms ended Sept. 30 were John Bellcoff, A. H. Froehling, Melvin L. Gille, Charles Hester, Leo H. Konzen, Barry Loman, Carl A. Ranft, Avery Schermer, G. H. Sternberg and William F. Winter.

Nameoki Township Backs Bicentennial Park Plan

A proposal that Madison County seek development of a Bicentennial Park that would link the proposed Horseshoe Lake State Park and Cahokia Mounds Park was endorsed by the Nameoki Township Board in regular meeting Monday night.

The federal government has allocated funds for creation of a Bicentennial Park to each of the 50 states to mark the country's 200th anniversary in 1976. The Madison County board is to act in its meeting Wednesday on a resolution urging that the funds for the Illinois Park be sought for this area.

The board awarded a \$435 contract for painting the exterior of the town hall and garage to Modern Painting & Drywall Co. of Pontoon Beach. The bid was accepted over a \$880 bid from Porter Painting Co. of Granite City.

The board also authorized bidding for health and life insurance for township employees.

The decision was made after an opinion from William Schooley, town attorney, was read indicating that the insurance contract should be awarded only after bidding. The employees have not been covered by group insurance in the past.

Alleys Not Dedicated

A letter was read from Schooley to Albert Bell, highway commissioner, informing him that many alleys in East Madison, that were to have been improved by the township never have been dedicated by the township and are easements which the township is not allowed to improve.

The residents of the area will have to petition the board to have the easements dedicated as alleys before improvements may be completed by the township. Schooley's letter said: "Louis Whitsett, Nameoki township supervisor and a member of the Madison County Board, distributed blank petitions to persons in the audience, asking them to have the petitions signed and return them to him so they may be submitted to the County Board in the meeting next week."

The petitions urge the county to continue financial assistance to the county Shelter Home. Whitsett said that while it is necessary for the county to cut its budget, such reductions could be made in programs less necessary than that of the home.

Inspector Commended

The board was presented a letter commending the work of William Mullin, former township health inspector who has resigned. Wilmer Winter has been appointed to replace Mullin.

Board members also were notified by letter that employees paid out of the township's general assistance fund are prohibited by the U.S. Hatch Act from participating in political activities.

The next meeting date was rescheduled for Oct. 26 instead of the regular meeting date on Monday, Oct. 23. Many township officials will be attending a statewide meeting in Springfield Oct. 22 through Oct. 25 and would not be able to attend the meeting if it were held Oct. 23.

Special GC Council Session Set Friday

A special meeting of the Granite City Council has been called for 8 p.m. tomorrow to reconsider action taken in its session of Oct. 2 on which the city Oct. 2 meeting involving acquisition to build its proposed secondary sewage treatment plant.

The special session was called at the request of Mayor Partney who protested the council's adoption Oct. 2 of a resolution entering into an agreement providing for payment of \$550 per month rental on 20 acres of land at the Granite City Army installation. The tract adjoins the city's present primary treatment plant.

Partney has said that if necessary he will veto the contract resolution, but the matter also is open to reconsider on the council's own initiative.

Partney said he has been negotiating a contract for the land with the U. S. General Services Administration and expects to acquire the land without any additional cost above the \$333 per month rental now paid the government for the tract on which the primary plant is located.

She was examined at St. Elizabeth Hospital and was admitted to see her doctor. She told police she would file a complaint against her assailant.

Crowning, Grid Game to Mark GCHS Homecoming

A Warrior teepee and a large drum focusing on the slogan—"Get Off to a Good Beat"—now the outstanding float award in Granite City High School's 1972 homecoming parade staged early last evening.

The top entry, constructed by students in the Vocal Music Department at Granite City High, earned, a \$15 cash prize. The enthusiastic cavalcade of chanting students, representing most clubs and organizations at the high school, traveled through the community about 5 p.m. Wednesday, alerting the citizenry to homecoming activities at Granite City.

[Events continue tonight with traditional crowning of the Homecoming Queen following an all-school carnival and play in the GCHS Memorial Gymnasium.]

Runners-Up Awards

Runners-up honors in last night's parade were garnered by the Social Studies Club, second place, whose float consisted of a 12-foot-long "worm" and the catch phrase—"Worm Your Way to Victory."

Third place award went to GASP, a student environmental group based on the slogan—"protection of the environment." "Clean Up Warriors." Cash prizes of \$10 and \$5 were presented to the second and third place entries.

The homecoming parade was sponsored by the Granite City High School Homecoming Committee. The parade was held on Wednesday night, Oct. 4, and was the first of a series of events leading up to the homecoming celebration.

WINNING HOMECOMING FLOAT in Granite City High School's traditional fall parade staged last evening. Vocal music students who constructed the float hope the Warrior football team will respond to their slogan—"Get Off to a Good Beat"—in Friday's 8 p.m. homecoming classic against Collinsville at the GCHS football field.

Rhythmic beat of the large drums in foreground paced the cavalcade of decorated trucks and autos through downtown Granite City and other areas. Runner-up awards went to the Social Studies Club and the GASP environmental group.

Football

had just viewed another Monday night football telecast in which sportscenter Cosell had been highly critical, in an unknowable way.

Williams feels Cosell has been a big factor in making crowds displeased with players and coaches, everywhere, rather than fans thoughtfully inventing excuses like "the grass was too wet" or "the mosquitoes were too thick" or "the officials cheated."

Everybody has become a second-guesser, Williams has found, almost to the extent of asking, "Why did you call for that fumble?"

He adds that people too often forget that high school athletes can be scared 16-year-olds in front of a hostile crowd.

There is too much interest in sports like soccer, in various junior high sports and in non-athletic activities, all contributing to a lack of intense support of high school varsity football, in the coach's opinion.

Newspaper coverage is part of the problem, Williams believes, even though it has not been critical of him or his team. The error, as he sees it, is in spotlighting so many other programs that people lose sight of varsity football.

Cosell Williams still regards Granite City athletes as a "sleeping giant" but is not sure he can arouse it, even though his Wood River teams once defeated Granite City four out of five years.

The record here has improved and there is some basis for optimism, but the decision to open a second high school next September troubles the coach. He told the Rotarians, "Every good lineman will be at the new high school and every good back will remain at GCHS," he said.

Plans call for the older school to continue to serve students, spread over four instead of three. The new high school at Maryville and Namoki Roads, with an enrollment of 1,700, will play smaller schools than GCHS for the time being.

Getting back to the television sports commentator, Williams said Cosell has "distorted people's understanding of the game by implying that a player is outdone by another because he is an idiot, rather than just saying the opponent is tougher or better."

Will Williams be happy by Friday night? A lot is going to depend on the score against Collinsville, and on the size and enthusiasm of the homecoming crowd, the coach indicated.

Auxiliary Aids Tiny Tim School

The Easter Seal Society Auxiliary of Granite City agreed to furnish "hogg chairs" and several educational items for the Tiny Tim Nursery School at a meeting held Monday night at St. Joseph Church.

Mrs. Margaret Minzes presided and 10 members and one guest, Mrs. Evelyn Leeper, attended.

Among the items the group will provide for the children's school are a recording card, games, peep card, peg board, and a bulletin board.

Also approved was a contribution to help give a Halloween party for the handicapped youngsters. The next meeting will take place at 7:30 p.m. Nov. 13 at St. Joseph Church.

TRUCK HITS CAR

The truck of Rodney "Shaggy" Stultz, 113 Garensche Homes, Madison, attempting to park, struck the parked car of Robert McKenzie, 124 Garensche Homes, at McKenzie's home at 8:45 p.m. yesterday.

Mrs. Krauskopf, 88, Dies; Ill 4 Years

Mrs. Eleanor Krauskopf, 88, a lifetime resident of this area, died at 8 p.m. Wednesday at the Anna Henry Nursing Home in Edwardsville.

She had been ill four years and a patient at the nursing home for the same length of time.

Mrs. Krauskopf was born in Nameoki Township. She was a member of St. John United Church of Christ, the Afternoon Women's Guild, Sewing Circle and Golden Age. Hilloppers Club, all affiliated with the church.

Her husband, Karl Krauskopf, died in 1968.

Survivors include two sisters, Mrs. Sophia Klingemann of Alton and Mrs. Henrietta Westertof of East Alton, and a brother, Louis Will of Granite City.

Funeral arrangements are given in today's obituary column.

Sharp-Eyed General Accountants Ride Herd on U.S. Expenditures

By JAMES CARY
Copley News Service

WASHINGTON — If your image of the General Accounting Office (GAO) is a little near-sighted man in bifocals and green eyeshade, perched on a stool making figures add up in an accounts ledger — forget it.

Those days are gone forever. The GAO today would come closer to resembling a group of hard-riding sheriffs' posse made up of college graduates representing a broad spectrum of skills.

Included are engineers, attorneys, economists and specialists in industrial management, systems analysis and data processing.

They wouldn't come into town to shoot up the bad guys. They would already be there, attempting to make certain the federal money is spent honestly and efficiently.

Their goal is not only to make the figures in the ledger add up right but to improve the management of those funds — and try to insure that the objectives of Congress in providing the money are being met.

Stated in technical terms, this is called fiscal (budget), managerial and program accountability.

Or, as Elmer B. Staats, comptroller general of the United States, puts it: "An accountability system should embrace all three. There must be public confidence as to fiscal integrity in the spending of public funds."

"There must be assurance that waste does not result through mismanagement. And there must be an assessment of whether programs are accomplishing their intended objectives with the least cost and maximum results."

This has led the GAO and its 4,751 employees at home and abroad into varying degrees of controversy in such diverse fields as meat inspection, contracts on new weapons, expenditure of Medicaid money and kickbacks to military personnel in charge of service clubs and post exchanges.

The controversy could become even more intense if Congress approves a bill sponsored by Sen. Abraham Ribicoff, D-Conn.

It would enlarge GAO authority in auditing government contracts and empower it to go into court to protest certain federal expenditures if GAO officials felt this was necessary.

Even without this, GAO is already authorized — with a few notable exceptions — to look into almost any agency that involves the spending of federal funds.

It wasn't always that way. GAO's antecedent organizations go back to Revolutionary days.

In September 1775, the Continental Congress appointed a committee of accountants to examine and report on all claims against the government before payment could be made.

In April 1776, a Treasury Department Office of Accountants was authorized to take over the accounting work of the new government.

The next year, this function was delegated to a committee of three commissioners of claims.

After several more changes, the government's new Constitution was activated in 1789 and most auditing and collection of

funds became the responsibility of the comptroller and auditor of the Treasury.

There were more reorganizations in 1816, 1817, 1849 and 1894 when the Dockery Act was passed. This unified all government auditing activities in the Treasury Department.

But it wasn't until the Budget and Accounting Act of 1921 was approved, creating the Bureau of the Budget and the General Accounting Office, that the modern era of control over government expenditures began.

PURSE LOST, FOUND

Glenna A. Diaz, 1730 Chestnut St., reported at 12:30 p.m. Wednesday that while she was walking along an alley to return a sewing machine to a friend, her 3-year-old son who was carrying her purse set it down and it disappeared. It was found later by a neighbor with \$3 missing.

HOUSE BURGLARIZED

The home of Virgil Hudson, 3513 Wabash Ave., was ransacked in a burglary, he reported at 9 p.m. Wednesday. Entry was gained by forcing a kitchen window. Items taken were unlisted.

FIRE DAMAGES KITCHEN

Overheated grease in a skillet started a fire which caused about \$2,000 damage to the kitchen of the home of Alton Burke, 16 Luckey Lane, Mitchell, at 3:10 p.m. Tuesday. Municipal volunteer firemen extinguished the blaze.

MORE ABOUT Hot Line

ate problem is evidenced by the caller. Calls identified as emergencies range from a drug overdose to threats of suicide. Character of the second type of contact will focus on individuals not in imminent danger, but whose contemplated course of action could prove hazardous in the future.

Hot line callers elsewhere have been under the influence of drugs, out of touch with reality and no where to go for help. Sometimes, it's the frightened friend of a drug overdose victim who calls, rather than a notify police or a hospital.

A teenager unable to communicate with his parents may be seriously thinking about running away from home and joining the thousands of vagrant young people listed on police files as "missing" each year.

Referrals Made

A young girl finding herself pregnant and desperate calls for information she can't ask her mother and her friends haven't got.

A boy under pressure for "good" grades wants to leave school and "take off," just where he doesn't know and cares less.

Referrals will be made to the appropriate agency or service, if the caller asks for this information, Ferguson said.

He stressed again the volunteer will not tell the caller what to do, only help him reach his own conclusions.

Emergency situations will be met with an established set of rules, he pointed out.

No Personal Contact

Face-to-face confrontation between the caller and the volunteer telephone operator is to be avoided at all times, Ferguson said. Although he admitted that under "highly unusual" circumstances this could occur.

All efforts will be firmly directed away from person-to-person contact, he explained. With the assistance of a local attorney, the "hot line" sponsors have applied to the State of Illinois for a non-profit charter. Such a document would enable persons wishing to donate funds to the project to claim their gift as tax deductible.

Money is needed, Ferguson said. Rent must be paid on the offices where the "hot line" is located and telephone service is another expense.

Some furniture is required to furnish the headquarters and donations along this line will be eagerly accepted, he added.

At a recent meeting of the Tri-City Ministerial Association, the local clergymen approved a \$25 donation to help pay the fee of a state charter, it was learned.

"We do need volunteers and funds right away," the young man said. "Those wanting our help are already there."

Glen Bomberger Named to New A. O. Smith Post

Glen R. Bomberger has been elected an assistant treasurer of A. O. Smith Corp., R. A. Rietz, vice-president, finance and treasurer, announced this week at Milwaukee.

Bomberger, 35, had been serving as controller of the A. O. Smith's Meter Systems division at Erie, Pa., since July, 1965. The division manufactures service station pumps, positive displacement meters for the petroleum industry and other devices to measure the flow of liquids.

Bomberger joined A. O. Smith in February, 1960, as a junior auditor in the company's internal audit department at Milwaukee after serving several summers with that department as a trainee. He subsequently held positions with a former affiliate, Dow-Smith, Inc., as systems and procedures analyst and accounting supervisor before being named controller of the Meter Systems division.

Bomberger, a 1959 accounting graduate of the University of Wisconsin-Milwaukee, is a certified public accountant. He is married and has two children.

A. O. Smith, with its subsidiaries, is a widely diversified manufacturer of water heating equipment, electrical controls, meter systems, auto and truck frames, agricultural feed storage and handling systems, electric motors, elevators and other products.

Kahoks Play Here Friday, Warriors Seek Revenge in Annual Homecoming Classic

The Granite City High School football Warriors will seek revenge in their Homecoming game at 8 p.m. Friday against Collinsville's Kahoks.

The Kahoks shut out the Warriors 14-0 last year, and the athletes of Granite City Coach Wayne Williams hope to even the score.

Injuries were a problem for both schools as the teams held practice drills this week. The Kahoks have been hurt, with four starting lettermen out of action.

Bill Burg, linebacker, and Bill Barrows, fullback, were injured in practice. The Belleville West game cost the Kahoks Jim Byrnes, defensive end, and Keith Lomax, a middle guard.

Lloyd Dunne, in his third year as the Collinsville chief mentor, plans several changes in the lineup to offset the loss of the quarter.

New Kahok Quarterback
Mike Faust, 6-4, 180-pound senior, who has been the quarterback for Collinsville, is moving to fullback. Lou Green, 5-7, 160, sophomore, will fill the quarterback position.

Top receiver for the Kahoks are Tom Dickerson, 5-7, 150, senior, and Scott Pickering, 5-10, 150, junior, both split ends. Kahok tailback Mike Ashman, 5-10, 165, junior, is a hard-to-stop runner. Another grinder the Warriors will have to watch is Rick Mark, 6-2, 175-pound senior defensive halfback.

Fans will see Collinsville use a power "I" offense and defense including five linemen and two linebackers. To date the Kahoks are 3-1, including 1-1 in the Southwest Conference. They lost to Belleville West 27-7 but defeated Belleville Alhaff 20-8, Edwardsville 22-19 and Pekin 33-22.

Unbeaten in League
GCIS began by edging River-view Gardens 8-7, lost to O'Fallon, Ill., 28-20, defeated Edwardsville 21-7 in the conference opener and topped Alton 7-6 in another league game for 3-1 and 2-0 records.

"Our defense played its best game of the season last Saturday and if we get the defense and offense together we could be ready to roll," Williams commented this week while acknowledging that the extent of the Warrior injury toll could be a problem.

Press-Record Sports

Page 6 Thur., Oct. 12, 1972

"We have played four games and we're no longer inexperienced; we'll know Friday if we're going to have a football team," he remarked.

"Last year's loss to Collinsville was a bitter pill to swallow and I hope our players who were juniors then remember it well."

'Ready to Play'
"It was not a case of the Kahoks getting the breaks. It was simply they were ready to play football and we were not. We need to remember the 14-0 defeat with a little hate in our hearts."

"Dunne has done a good job in Collinsville in getting them

to play and think about football and not just basketball."

"I hope that we'll break our home field jinx. Our only two losses last season were at home, and we're playing well on the road this year. But we're going to have to start winning at home."

This is probably the most important game this season. If we win it, we'll be 3-0 in the conference."

In the brief league grid season, even one loss can loom large.

The Warriors are on the road next week, playing at Belleville East Oct. 20, for the first meeting with that school since it entered the conference.

Rated Cougars Sight On Big DeKalb Series

The Southern Illinois University at Edwardsville soccer team, now 3-0 after ripping the University of Illinois, Circle, 5-0, at Chicago Saturday, will play back-to-back games on the road Friday and Saturday at DeKalb.

The SIUE Cougars will play Western Illinois University at 12:30 p.m. Friday and host Northern Illinois University at 7 p.m. Saturday. Eastern Illinois University is the fourth team entered in the tourney. Friday's second game will pit Eastern against Northern. Saturday's first game will have Eastern playing Western.

The nationally No. 3 ranked SIUE Cougars kicked quickly made it apparent at Chicago that the 1-1 setback they suffered at the hands of Circle last season wasn't going to happen again.

Sam Donnelly, coach of Circle, commented after the game: "Last year I thought we had SIUE beaten and that they were lucky to tie us. Today, though, there was never any doubt. It

will definitely take an inspired team to beat Southern this year."

Coach Bob Gueller's biggest problem now would appear to be to keep his Cougars' minds concentrated on the two games at DeKalb and not looking ahead to next Tuesday's (Oct. 17) 4:30 p.m. game with the zooming Rivermen of the University of Missouri, St. Louis. The Rivermen, ranked No. 7 in the nation after opening their season with a stunning 1-0 victory over St. Louis University and then winning four straight, have never beaten the Cougars in soccer.

Gueller rested the ailing Vince Fassi in the Circle game and didn't use his other defensive stalwart, Denny Driscoll, until the second half. Both should be ready to go all-out at DeKalb. Mike Boland filed Fassi's berth and Steve Elliott started in Driscoll's slot.

The defensive play, too, of Bill Renaud and Tim Paterson, has been really tough. They have more than held the void caused by the graduation of grandpappy Rich Neitzert of the 1971 10-1 Cougars.

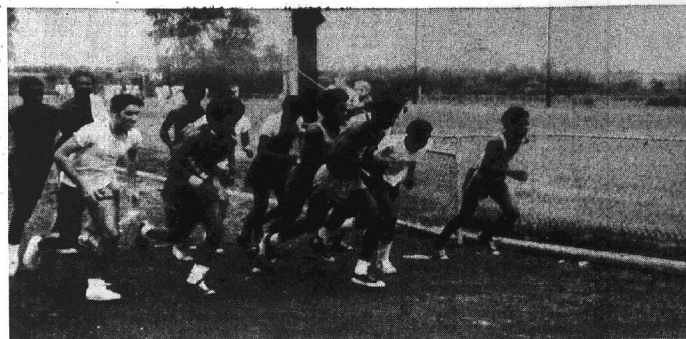

Back at his regular outside left slot, too, was Tom Twellman. His steady, heady play can't be over-rated. Always a scoring threat, Twellman makes things happen and gives the SIUE offense steadiness.

Big Norm Seim of Collinsville also looked impressive in his two appearances, once against Rockhurst and then Saturday against Circle. He can play defense, but prefers the offense. Seim could be the first Illinois native to break into the SIUE soccer lineup.

Cougar JV Squad Blanks Meramec 1-0

The junior varsity soccer team at Southern Illinois University at Edwardsville gained revenge for its only loss of the season by blanking Meramec Community College 1-0 Tuesday on the SIUE field.

The young Cougars lost to Meramec 4-1 earlier in the season. Meramec is ranked fourth among junior colleges in the nation and is now 8-2. The win gave SIUE a 5-1 mark. Joe Gallagher scored the only goal. Bill Mueller worked the nets for the winners.

OFF AND RUNNING. The Madison Trojans and St. Louis Central warriors begin the 1.8-mile flat Trojan course in a cross-country meeting in

which the Trojan harriers won 15-40, taking the top five positions.

MADISON HIGH FOOTBALL CHEERLEADERS. Kneeling, left to right, are Beth Washenko, Linda Glasper and Stephanie Clark. Standing from left are Elver Hughes, Judy Young, Cindy Coghlan and Cindy Dutko.

Gun Club Sets Banquet, Shoot

The annual banquet of the John N. Marshall Gun Club, Route 162 east of the Granite City Steel Co. coke ovens, will be held Wednesday, Oct. 25, at the Heritage House in St. Louis. Activities will begin at 6:30 p.m.

The club will hold public dog gun competition and two-man trap team competition from 9 a.m. Saturday and a public site-in for rifles and shotguns will take place all day Sunday.

The club's five-man skeet team defeated Millstadt there Saturday by one bird, 229 to 228.

Pool Tourney Set

An open straight pool tournament, limited to Quad-City residents, will be held Oct. 28-29 at Plaza Billiards, 2900 Nameoki Road. Trophies and prizes will be awarded.

Cougar Women, Principia Play Scoreless Game

The Southern Illinois University at Edwardsville field hockey team was held to a scoreless tie in a women's intercollegiate game against Principia Wednesday at Elmhurst. The goal keeper for the local Cougars was Barbara Cox.

It was the second game for the team, coming on the heels of a 2-1 victory over Greenville, in the first season of SIUE women's intercollegiate sports competition.

The Cougarettes will play two games Saturday at Illinois State University at 9:30 a.m. and 1:30 p.m.

SIUE Harriers To Host Valpo

The Southern Illinois University at Edwardsville cross-country team, winners of two-out-of-three meets last weekend, will host a strong Valparaiso University team at 11 a.m. Saturday over the Cougars' new five-mile course.

Coach John Flamer's SIUE harriers traveled to DeKalb last Saturday and scored victories over Northern Illinois University, 24-33, and DePaul University, 19-42. The Cougars are now 4-4 for the season. Northwestern University of the Big Ten defeated the Cougars runners, 40-19.

Freshman Charlie Simpson of Centralia paced the Cougar harriers as he set a new SIUE school record for the five miles with a 25:56 time. Also beating the old SIUE five-mile record and finishing third behind Simpson's fifth-place finish at DeKalb was Gary Buehler, 26:32. The next three finishers for SIUE, in order of finish, were Tom Terrell, 28:32; Tim LaBrosse, 28:57; and Charles Mason, 29:27.

The SIUE cross-country course starts at the campus architect's office.

Defense Strong As Coolidge Wins 34-6

The Coolidge Brats blasted Webster of Collinsville 34-6 in an eighth grade junior high school football game here yesterday.

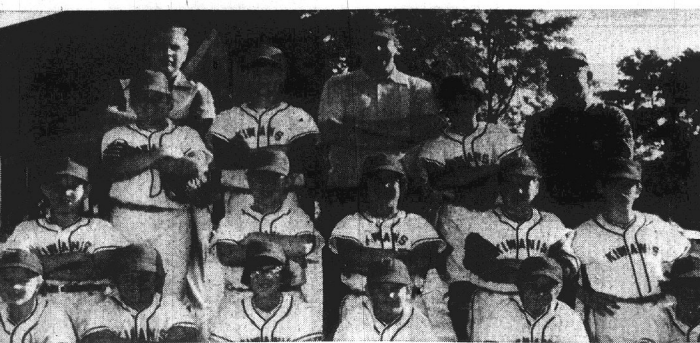

Scoring touchdowns for the winners were Eldon Warfield, John Phillips, John Cionko, Keith Champion and Wayne Kins. Rich Williams, defensive coach, credited the Brave defense in holding Webster to a single TD.

Soccer Warriors Win 1 But Drop First Game in 2 Years

For the first time since December of 1970, the Granite City High School soccer team has felt defeat.

The Collinsville Kahoks, on one goal and three successful penalty kicks downed the Warriors 4-3 in a second overtime period there yesterday. The loss was balanced by a 3-0 Warrior victory Monday against St. Dominic at O'Fallon.

The win and loss bring the Warrior season record to nine wins, one loss and two ties. Warrior goalie Tom Clark was responsible for seven saves during Monday's game, and Bill Schnefke defended the net for the final 10 minutes, making 13 attempts with 10 stopped.

St. Dominic led in corner kicks, eight to three, and drew 10 penalties during the hard fought match while the Warriors were called on 17 fouls.

Granite City took the lead seven minutes into the game Monday when Wayne Canada scored from the left side on a pass from Randy Worthen. Twenty minutes later, Dave Sheridan was in the right spot as an attempt rebounded from

the St. Dominic goalie, stopping at Sheridan's feet. The goalie was 15 yards out from the net at the time, leaving Sheridan an open path to the goal.

With four minutes remaining in the game, Canada crossed to Worthen in front of the goal who booted it into the net to complete the scoring.

The junior varsity squad also was successful Monday downing St. Dominic 5-1. Warrior Al Bourbon led the charge with three goals.

The loss to Collinsville was due to overconfidence on the part of the then undefeated Warriors, some observers felt. Of the four goals scored by the Kahoks, three were on penalty kicks. The Warriors were called on 13 penalties during the hard-fought game and the Kahoks were assessed 10 penalties. In one instance the Warrior bench came onto the field ready for a fight over some rough play during overtime.

Coach John Selmevler had agreed with the Kahok coach before the game to play overtime periods in the case of a tie. It was 2-2 after regulation time and two overtime periods

were needed to decide the outcome.

In the first quarter of the match, the Kahoks scored on a penalty kick after which Kahok Dana Koudela, a freshman, earned the first of his three goals. Collinsville led 2-0 at the end of the first period.

The Warriors came alive in the second quarter with two goals to tie the score. The first was at three minutes on a pass from Worthen to Andy Baugh who scored from the left, and the second came four minutes later when Pete Mushill passed to Worthen who scored from the left.

Tied 2-2 at the half, the Warriors remained active and five minutes into the third period, Harvey Breckner scored from 25 yards on a pass from Worthen.

A Kahok penalty kick by Koudela with five minutes remaining in regular play tied the game at 3-3. The first five-minute overtime period was scoreless but with two minutes remaining in the second overtime period Koudela booted another penalty kick and closed the scoring at 4-3.

The Warrior junior varsity was successful in a 1-0 game at Collinsville. The JV squad will travel to Whittier in St. Louis County Friday for a game at 4 p.m.

The Warriors are entered in the four-team Jacksonville Tournament Saturday. The first game at 2:30 p.m. will pit Jacksonville and Collinsville. The Warrior will meet East St. Louis Assumption at 2:45 p.m.

The losers will meet at 6:30 p.m. and the championship game is scheduled for 7:45 p.m. Saturday.

Shots Fired at Residence Before Fatal Incident

Carl Eugene Hoizan, 36, of 1337 Edwardsville Road, who was shot and killed late Saturday after breaking into the home of Norman Fulkerson, 2601 Sheridan Ave., apparently fired two shots at the front of the Fulkerson home shortly after midnight.

Police, who found two bullet holes in the house, reported that Mr. Hoizan and his wife had returned to their home at about 11 p.m. after attending a wedding in St. Louis, and that he then left the house.

A daughter was a witness to the fatal shooting, in which Fulkerson fired a shotgun blast which struck Mr. Hoizan in the heart. Other children were in the house, police reported.

A .22 caliber gun was found in a purse in Hoizan's auto parked at the scene, according to police, who are continuing the investigation.

Fulkerson told the Press-Record that Mr. Hoizan fired shots at the Fulkerson home and then threatened his wife, who had just left the house accompanied by two sisters.

"I was calling police when he broke in the front door," Fulkerson said. "He had a gun when he came into the house, I had four children with me and I didn't want them to get hurt."

Fulkerson said he could not explain how the gun he said Mr. Hoizan was carrying was found in the car. He said another man had been with Mr. Hoizan at one time and may have taken the gun after Mr. Hoizan was shot.

Fulkerson said Mr. Hoizan was a father of four. An inquest is pending.

Funeral services for Mr. Hoizan were held Wednesday afternoon with burial at Sunset Hill Cemetery.

Among the survivors is a son, Charles Dudley Hoizan, whose name was listed incorrectly in an obituary notice. He also is survived by his grandmother, Mrs. Annie Robinson of Granite City.

Alan Rich of Mount Vernon, Division 5 commander, a guest at the meeting, announced the divisional conference will take place Nov. 5 at Mount Vernon Post 4. The same unit also will host the Illinois Amvets state executive board on Nov. 18-19.

A financial report was presented by Al Damsal and Floyd Tucker, membership chairman, said dues are payable through Dec. 31. Refreshments were served to 12 members after the business session.

Ralph Skaggs Jr. Dies of Injuries

Ralph William Skaggs Jr., 25, of 2610 W. 20th St., died at 2:15 p.m. Wednesday in Jewish Hospital, St. Louis, of injuries suffered in a traffic accident Sept. 15 on FA Route 151 one-half mile north of West 20th Street.

Mr. Skaggs and a companion, Robert Hancock, 42, of 1533 Garfield Ave., were injured critically when the car in which they were riding left the pavement on a curve, sheered off a utility pole and overturned.

Both were taken to St. Elizabeth Hospital and later transferred to St. Louis hospitals. Mr. Skaggs was a lifelong resident of Granite City.

Survivors include his parents, Ralph W. Skaggs of Granite City and Mrs. Lucy Skaggs of Potosi, Mo.; a brother, Ernest Vance of Imperial, Mo.; three sisters, Mrs. Barbara Montine and Mrs. Carol Candier, both of Granite City, and Mrs. Diane Stark of Fillmore, Ill., and his grandmother, Mrs. Stella Cox of Granite City.

Funeral arrangements are pending in Potosi, Mo.

Madison Woman, 37, Killed in Accident

Mrs. Magnolia Hamilton, 37, of 812 Jackson St., Madison, was killed and a passenger was injured seriously when her auto collided with a truck driven by Ernest Bowman, Louisville, Ky., at Routes 158 and 20 in O'Fallon at 9:30 p.m. Tuesday.

In serious condition at Belleville Memorial Hospital is Paul Butler, 38, of 1211 Bissell St., Venice. The truck driver was uninjured.

O'Fallon police said Mrs. Hamilton, after observing a stop sign on Route 158 at 50, apparently pulled into the path of the truck, eastbound on U.S. 50, without seeing it.

Mrs. Hamilton, pronounced dead at the scene, was taken to an East St. Louis funeral home where arrangements are pending.

Land Development is Madison Rotary Topic
The George Lindsey Swiss Villa Land Development Resort on Table Rock Lake, near Lampe, Mo., was the program topic at the Wednesday noon meeting of the Madison Rotary Club at the Madison Recreation Center, Seventh and Lee streets.

Guest speaker was Leonard R. Kuebler, executive vice-president of the land division of George Lindsey International Inc., with offices in Little Rock, Ar.

Kuebler, who was born and raised in Granite City, discussed not only his company's projects but gave the Rotarians several pointers on investing in land development projects, pointing out the pitfalls and how to check out a development before an investment is made.

Chaiets on the lake, which sleeps six, may be rented by the day as well as purchased, the speaker said.

Clifton Nichol, manager of the local George Lindsey Family Steak House, will speak to the club Oct. 25.

The club celebrated the birthday of Rev. Jerry Swain and John Sedlack with the singing of the traditional song.

Jerry Maers, club president, presided at the meeting and Fred Riddle introduced the guest speaker.

Laws Dealing With Lead Based Paint Under Study

Capley News Service Springfield — There are indications that the next General Assembly may be presented statewide study conducted recently concerning the level of lead intoxication or poisoning in Illinois. The study and hearings were conducted in Aurora, Carbondale, Chicago Heights, East Moline, East St. Louis,

Harvey, Joliet, Peoria, Robbins, Rockford, Rock Island and Springfield.

The Illinois Public Health Department officials feel that the study is probably one of the first to be conducted in the nation. The study showed that these children living in the older facilities were more susceptible to possible lead poisoning. It was found that the older living facilities might still have the lead based paint on the walls. It was during the 1940s when the lead based paint was banned.

The study was intensified last year when it was found that two children had died from lead poisoning. The study or testing was done under the supervision of Dr. Philip R. Fine in the Public Health Department.

Money for the study came both from state funds and federal funds. Dr. Fine wrote about the study in the recent issue of the American Medical Association Journal.

Children Tested Over 6,000 small children were tested during the study. Some showed a high rate of lead poisoning.

The Public Health Department feels a good strong program, backed by the General Assembly could help in cutting down the incident rate of lead poisoning among children.

The symptoms of lead poisoning are loss of appetite, drowsiness, constipation, irritability, an irregular walk and sometimes brain damage.

Treatment, medically termed chelating, is relatively simple, requiring only one of several readily available drugs and no special equipment. But apparently the treatment only removes the lead from the body, if any other damage has already resulted it cannot be reversed. Presently the department is offering free blood lead tests to all communities.

Vandals Cause Damage to Milmore Lot in Venice

Vandals caused considerable damage at Milmore Manufacturing, 1300 McKinley St., Venice, the owner, Milton Morris, reported Monday.

The office trailer was broken into and barrels and pieces of metal were piled in front of the office. An attempt to break into the office apparently was unsuccessful. The vandals also souped the office windows and wrote obscene words on several trailers on the lot. Morris said his home was vandalized the same night.

TRUNK LID DENTED Junior Smith, 2317 Illinois Ave., reported at 7:30 a.m. Monday that two dents were found in the trunk lid of his 1970 auto parked on the street at his home. Two empty quart beer bottles were found broken nearby.

AUTOS DRIVEN BY Donna D. Brooks, 1821 Ferguson Ave., and Loretta J. Caldwell, 2206 Lincoln Ave., were in an accident at 9:10 a.m. Tuesday at 24th Street and Madison Avenue.

County Board to Act on Bicentennial Park Proposal Here

A resolution endorsing development of an Illinois Bicentennial Park in Madison County to celebrate the state's 200th birthday in 1976 will be presented to the County Board at its Oct. 18 meeting at the Courthouse in Edwardsville.

The proposal, which would link Horseshoe Lake and Cahokia Mounds State Parks, is under study as a possible U.S. Bicentennial project.

The Education and Recreation Committee of the County Board has informed board members of a federal government proposal to spend \$23 million to hold the bicentennial celebration somewhere in the state in the year 1976.

"Madison County can be and should be recipients of these federal funds," the committee stated, "because we have the largest inland body of water in the State of Illinois, Horseshoe Lake."

The committee, headed by Louis Whitsell of Nameoki Township, noted that Horseshoe Lake "is presently being acquired by the State of Illinois Department of Conservation, and we have a historical site of world renown, Cahokia Mounds State Park, operated separately but adjacent to Horseshoe Lake."

Whitsell and committee members feel that after the bicentennial celebration is closed, the \$23-million facilities could join the two parks into one which then would require one park ranger, one maintenance crew and other economies resulting in substantial savings to taxpayers of the state.

The proposal so far has received the support of the East-West Gateway Coordinating Council, the Southwestern Illinois Metropolitan Area Planning Commission and other local agencies.

Discussion Development Representatives of SIMAPC will be at the board meeting to discuss the proposed development and to assist the committee with any questions which may arise.

Whitsell and his committee said that "All of these advantages should place our proposed site far ahead of others. However, your cooperation is needed now to endorse this proposal, and later to contact your federal representatives, local organizations and news media to promote our proposal."

The text of the resolution follows:

"The American Revolution Bicentennial Commission, the national organizer of the 1976 Bicentennial Celebration, is studying the feasibility of establishing a system of fifty (50) Bicentennial Parks, one to be located in each state of the union."

These parks are to provide a setting for the Bicentennial future. It has been proposed by local groups that Horseshoe Lake State Park, Cahokia Mounds State Park, and the

area between their southeastern and northwestern boundaries, respectively, be chosen as the site for the Bicentennial Park in Illinois.

Whereas, the Madison County Education and Recreation Committee recognizes the importance of having the Bicentennial Celebration accessible to the people of the country; and Whereas, the Madison County Education and Recreation Committee recognizes the importance of this region in the history of the state of Illinois and the United States; and

St. Mark's Church Scene Of Dunn-Daniels Wedding

St. Mark's Catholic Church in Venice was the scene of the wedding on Sept. 29 of Miss Kathleen Marie Daniels, a daughter of Mr. and Mrs. Marcus J. Daniels, 531 Jefferson Ave., Venice, and James W. Dunn, son of Mr. and Mrs. Eymon W. Dunn, 3336 Johnson Road.

Bouquets of white fall flowers adorned the altar for the double ring ceremony performed by the Rev. John O'Connell at 7:30 p.m.

Music was furnished by The Christos, a guitar group. The bride was lovely in a gown of polyester organza accented with peau d'ange lace appliques. The Empire bodice featured a high collar and long sheer puffed sleeves, enhanced with the matching lace appliques.

More lace detailed the slightly flared, floor length skirt and edged the detachable chapel train. Her fingertip mantilla veiled of imported illusion lace secured by a peau d'ange lace covered camelot hat.

The former Miss Daniels carried a colonial bouquet of white roses, carnations and white ice-berg poms.

Mrs. Rosemary McIntosh was the matron of honor, with Miss Donna Eperson, Miss Diane Mangi and Miss Susan Dunn as bridesmaids.

Greg Patton served as best man, Bill O'Neill, Charles Henry and Mike Forcade were the groomsmen.

Tim McKay and Rich Kozar seated guests at the church.

The attendants were gowned in floor length dresses of olive green chiffon. Their frocks were styled with Empire bodices and deep v-necklines. Two-tone green ruffles edged the neckline and the cuffs of the long sleeves.

The A-line skirts were slightly gathered and their gowns were complemented with matching green floral streamers worn as headpieces.

Yellow mums, intermingled with bronze wheat and fall leaves, made up the floral arrangements carried by the maids.

The young couple greeted

Janet Bertacchi Shower Honoree

A pre-wedding shower honoring Miss Janet Bertacchi, a daughter of Mr. and Mrs. Richard Bertacchi, 2500 Jerden Ave., was given by her sister, Miss Carolyn Bertacchi, at the Polish Hall in Madison this week.

Miss Bertacchi will be married Nov. 25 to Michael Friedrich, son of Mr. and Mrs. Leonard Friedrich, 2138 Clark Ave., at Sacred Heart Church.

The hall was decorated in the wedding colors of green and ivory, accented with bells and crepe streamers. The tables were centered with crystal vases filled with white flowers

trimmed with green ribbon and gold wedding rings.

Favors were miniature plastic wedding cakes decorated with ribbon and rings. The buffet table was decorated with wedding bells, garlands of flowers and a large white canopy surrounded with a ring of flowers and two crystal vases.

The table-to-be was assisted in opening her gifts by members of the wedding party, her sister, Carolyn, who will be maid of honor, bridesmaids, Mrs. Mary Mulnik and Misses Susan Friedrich, Diane Friedrich and Jane Friedrich.

The flower girl, Jennifer Bertacchi, a niece of the bride, elected.

Also present was the bride-elect's nephew, Ricky Bertacchi, who will be ring bearer.

Miss Audrey Hossbach, a classmate of Miss Bertacchi, presided at the guest book.

Ass't. Sec. of State Kucharski wants special plates for handicapped.

Assistant Secretary of State Edmund J. Kucharski points to special automobile license plate which he favors creating for handicapped citizens.

"It is important that handicapped persons who drive have some sort of visual identification that will permit them to park without fear of being ticketed," he said.

Kucharski, the Republican candidate for Secretary of State, said this recommendation is part of his "full service program" to make the Secretary of State's office the best in the nation in consumer and highway safety.

According to Kucharski, the special plate would feature the international wheelchair symbol and up to five digits. This plate would enable handicapped persons to park for unlimited periods where normal parking is allowed, and they would be exempt from parking meter requirements.

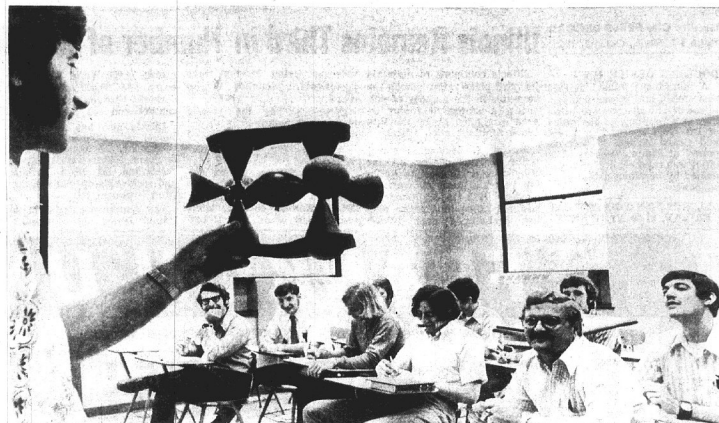

Only handicapped persons with vehicles registered in their name would be eligible for the special

plates after they had submitted a certified statement from their physician along with their applications," Kucharski stated.

He said disabilities would include permanent loss of use of one or both legs, one or both arms, or any other disability which would render an individual unable to move without the aid of a wheelchair or crutches.

Kucharski explained that legislation would be required for such a program. He expressed confidence that the Illinois legislature would support it.

Kucharski has recommended placing vital medical data such as blood type, drug allergies, and specific ailments, on drivers' licenses as a means of saving lives in an emergency. He has also recommended the adoption of a non-driver identification card containing this information as well as a photograph of the individual, and eliminating the driver's license fee for senior citizens.

FIRST DENTAL SCHOOL CLASS in Madison County. Barney Kadis, a professor at the Southern Illinois University School of Dental Medicine, talks with the students during a chemistry review session.

All 24 students have extensive science backgrounds, most entering the dental school with bachelor degrees in chemistry, zoology or biology, and some with master degrees.

HOWLETT PROPOSES SAFE-O-METER

The Secretary of State's fleet of cars would serve a dual purpose under a proposal by State Auditor Michael J. Howlett to equip them with "Safe-O-Meters." The device, mounted on top, would show the current speed of the state car and alert other drivers to check their own speed against posted limits. Howlett, Democratic candidate for Secretary of State, said that investigators travel thousands of miles a month. "Their productivity would be increased if they educate the public in safe driving while they are on the road. This in turn could help state and local police make more efficient use of manpower in law enforcement," he said. "If just one life is saved, it will be worth it. It might also save motorists a few traffic tickets."

Girl, 5, Hit by Auto Treated at Hospital

Elaina Reinagel, 5, daughter of Mr. and Mrs. Edwin Reinagel, 2211 Waterman Ave., was injured when she was struck by an auto driven by Bruce J. Mihl, 2547 Pontoon Road, in front of her home at 5:45 p.m. Wednesday after she ran from the front of a parked pickup truck.

She was taken to St. Elizabeth Hospital for treatment of abrasions to the left knee and face and was released following x-rays.

Move Pollution Hearing

A public hearing scheduled here this morning at the Civil Defense Building, 1411 Nineteenth St., was changed to the Alton City Hall by officials of the Illinois Pollution Control Board. The Board is hearing comments on proposed rules and regulations governing land pollution, solid waste and refuse disposal.

LEAVES LOT, MISHAP

While leaving the parking lot exit at the First Granite City National Bank, an auto driven by James C. Smith, 2616 W. 20th St., was involved in an accident with an auto driven by Sharon M. Miller, 2701 Cayuga St., at 12:25 p.m. Tuesday on Edison Avenue.

FUNERAL HOME LOOTED

An industrial carpet sweeper, a hedge trimmer and 50 feet of electrical cord were stolen from the garage at Sedlack Funeral Home, Seventh Street and Madison Avenue, Madison, the owner, John Sedlack, reported at 1:55 a.m. yesterday.

GUN TAKEN IN BURGLARY

Larry Martin, 2255 Lee Ave., reported Monday that a burglar stole a .22 caliber pistol from the top shelf of a bedroom closet while the family was asleep that morning. Entry was gained by opening a kitchen window.

News Notes

After walking by the side of Mrs. Richard Nixon in this week's Columbus Day parade in Chicago, Mayor Richard J. Daley campaigned Tuesday night with President Nixon's opponent, Senator George McGovern. Daley and McGovern toured nine packed dining rooms in two hotels and the mayor then introduced the South Dakota senator to the \$15-a-plate joint audience.

Daniel Walker, Democratic governor nominee, Tuesday defended the Walker Report which claimed Chicago Democratic national convention problems in 1968 a "police riot." Governor Richard B. Ogilvie, Republican, said Tuesday the report was unfair to police and ignored actions by demonstrators.

Ogilvie said the full commission report documented "violence by demonstrators, but Mr. Walker chose to omit every single such account from his headline-hunting summary and selected only the charges against the police."

Walker countered, "I expressly commended the majority of policemen for the job that they did. I referred in comments like 'unrestrained and indiscriminate police violence' to a minority of policemen who violated the law."

A joint exploration venture

has found natural gas in apparent commercial quantities in Texas, it was reported Wednesday by Mississippi River Transmission Corp., Laclede Gas Co. and a Louisiana oil firm. There is a shortage of gas in this region and it is hoped to deliver gas from the newly located well to this metropolitan area.

Alabama Governor George C. Wallace said yesterday he will not endorse President Nixon, Senator McGovern or Rep. John D. Schmitz of California, nominee of the American Party on whose ticket Wallace sought the Presidency four years ago.

Gov. Wallace was campaigning for the Democratic nomination when he was shot May 15 at a political rally in Maryland. He remains paralyzed in the legs.

Illinois Attorney General William J. Scott, addressing SUE students Tuesday, said, "You're not going to be known as the generation that ate the most goldfish or stuffed the most people into a phone booth. You're going to be known for your efforts to bring equal justice to all."

In an informal "rap session," he said, "You have the right not to be cheated and the right to pure air and water." He cited the development of legal tools to fight pollution, and criticized Granite City Steel Co. for past coke oven emissions.

He said his office searched and "found a scientist in Germany who had developed a way to deal with coke ovens. We then went in on a general nuisance charge at first, forcing them to install an air pollution control program."

Scott also recalled forcing "the most powerful bureaucracy, the Atomic Energy Commission," to install a closed cooling system for a reactor at Cordova, Ill.

Mental Health Board Increases Budget \$21,000

The Madison County Mental Health (709) Board approved a budget of \$447,250 for the fiscal year beginning Dec. 1, an increase of \$21,000, at a meeting Tuesday night.

A sizeable increase will go to Specialized Services, Inc., headquartered at Alton, which will receive \$153,600, or \$35,000 more than last year. Much of it will be used to expand a job training program for the handicapped.

Granite City's Mental Health Clinic received an increase of \$6,000 in a \$12,000 budget after attorney William Kinder, president of the Granite City Mental Health Board, argued that the increase was needed to

maintain the staff the clinic now has and would not be used for new programs.

A budget of \$115,100 was approved for the Alton Mental Health Clinic, an increase of \$5,800.

The total budget is being presented to the finance committee of the Madison County Board for inclusion in the overall county budget.

graduates has tightened in several fields, Hansel, acting director of the job placement service there, said Tuesday.

A civil suit by the Illinois attorney general, acting as a consumer representative, is politically motivated, State atty. Horace Calvo said yesterday. The suit seeks to stop Mobile Home City and Mobile Home Sales of Belleville from doing business as a mobile home dealer, and asks for restitution of funds or property. No personal property has ever been sold, Rep. Calvo, one of the defendants, commented.

Corn Sweeteners to Phase Out Operations by Oct. 20

The wet milling department at Corn Sweeteners, Inc. will close officially tomorrow, the first step in halting all but the caramel operation at the Granite City plant.

Shipments of corn into the plant halted Monday and all grinding ceased yesterday, company officials said. Workers are cleaning the plant and shutting down the machinery today in preparation for the closing tomorrow.

About 40% of the plant's 120 employees will be laid off by the mill closing and all but about 13 persons will be laid off the following Friday, Oct. 20, after the shutdown of the dry starch and refinery operations Monday or Tuesday.

Martin Andreas, executive vice-president of Corn Sweeteners, said the company has a three-year lease on the Granite City facility, formerly the Marshall Division of Miles Laboratories, and that operations may be resumed if the profit margin or corn prices increases to "a reasonable level" during that period.

Studies Continued
Andreas said studies were

conducted during the trial period to determine the costs of operating here and said the plant would be reevaluated from time to time to determine the feasibility of reopening or converting the plant into a modern, efficient corn milling operation.

Andreas said that several employees have been relocated in other plants operated by Corn Sweeteners or its parent company, Archer-Daniels-Midland Co., Decatur.

"We are accepting applications from all employees for jobs elsewhere," he said. Don McCain, who has served as plant manager here, is among those who will be transferred. He will become manager of the Corn Sweeteners plant at Cedar Rapids, Iowa.

When Miles Laboratories discontinued operation here March 31, there were 497 hourly and salaried personnel employed here. Corn Sweeteners began operations April 3 with almost 200 employees, including 20 Miles employees who remained to teach new personnel operation of the plant facilities. That number gradually was decreased during the trial period.

Illinois Remains Third in Number of War Veterans

Illinois continues to maintain its third place rating among the 50 states in the number of veterans, a statistical report issued semi-annually by the Veterans Administration shows.

Joseph J. Mulone, regional office director of the VA for Illinois, said Illinois has 1,629,000 veterans from all wars as of June 1972. In addition, the regional office in Chicago also has jurisdiction over 109,000

veterans living in the three northwestern counties of Indiana.

California has the largest number of veterans with 3.1 million; New York is second with 2.6 million.

306,000 from Vietnam
Mulone said the report discloses there are 306,000 Vietnam era veterans in Illinois; 285,000 Korean conflict veterans; 813,000 World War II veterans; 74,000 World War I veterans, and 168,000 veterans with service between the Korean conflict and the Vietnam era.

Illinois also has the distinction of having the sole surviving veterans of the Indian Wars. He is Frank Franke who this year celebrated his 100th birthday and received a special message from President Nixon.

The veteran population of the United States has climbed to

28,804,000 as the Vietnam conflict ends.

\$500 GARAGE BURGLARY

Burglars took 20 batteries and 10 sets of shock absorbers from Barney's Bear Service, 2311 Madison Ave., it was reported at 12:50 a.m. Tuesday. The equipment was valued at \$500. Entry was gained through a broken rear window.

SIUC Business School Homecoming Is Set

The School of Business at Southern Illinois University at Carbondale is out to re-establish communications with its thousands of former students, and to attract as many as possible back to the campus for Homecoming Oct. 28-29.

First of the University's schools and colleges to establish a "constituent society" in the SIU Alumni Association's new program of developing such units, the 27-year-old School of Business already has approximately 1,400 members, according to Dean Charles Hendersman.

"But there must be approximately 3,000 graduates and former students who have not signed up," he said.

Hendersman said the school also hopes to establish business alumni clubs in Chicago, St. Louis and perhaps other large cities where large numbers of its former students are known to be employed or living.

During Homecoming the school will hold open houses in Room 121 of the General Classroom Building to welcome and register business alumni, he said.

Labor Unions Endorse Sen. George McGovern

Three labor unions in the Quad-Cities this week announced their support of Democratic presidential candidate Sen. George McGovern.

Endorsing the senator were United Steelworkers of America locals 67 and 30 of Granite City Steel Co., representing about 2,200 workers there, and Steelworkers' Local 4804 of Consolidated Aluminum Products Corp. (CONALCO) in Venice.

Democratic campaign chairman this week named Jim Kelehan, recording secretary for Steelworkers' Local 167, as coordinator of the Labor for McGovern Committee in the Quad-Cities.

PARKED AUTO STRUCK

The auto of Gary C. Werth, New Harmony, Ind., parked at 2355 Washington Ave., was struck by a car driven by Glen E. Wilson, 15 Victoria Drive, who was backing from a driveway across the street at 8:30 p.m. Monday.

AUTO STOLEN

The car of Lena Williams, 13 Greiner Homes, Madison, was stolen from the 1800 block of Collinsville Avenue, Madison, the owner reported this week.

Substantial Rise In Steel Output During August

Domestic steel producers recorded a large year-to-year gain in production during August, according to American Iron and Steel Institute.

AISI reports that U.S. mills poured 10,806,000 tons of steel in the month. This was 5,032,000 tons more than the 5,774,000 tons of steel made in this country during August of 1971—the domestic industry's lowest output total in 12 years.

Last year's sharp production slump occurred as consumers began working down large steel stockpiles they had accumulated in anticipation of a possible industry-wide steel strike which never occurred.

In 1972, however, August's output was an increase of 461,000 tons over the previous month's figure, ending a modest two-month production decline.

During the month, basic oxygen furnaces made 6,190,000 tons of steel. Open hearth output was 2,769,000 tons, while electric furnace production totaled 1,847,000 tons.

Through the first eight months of 1972, domestic steel output reached 57,220,000 tons. Of this total, 48,939,000 tons was made in B-O-Fs, 23,037,000 tons by open hearths, and 15,244,000 tons in electric furnaces.

AISI's steelmaking index, based on average 1967 production as 100, stood at 100.0 in August, 1972. This compares with an index of 95.7 for July and 105.0 for June.

Democratic Canvass To Begin Saturday

About 100 volunteers will distribute an estimated 25,000 pieces of Democratic campaign literature to homes in the Quad-Cities next week during a foot canvass of the area for national, state and county candidates.

Among those who will assist in the canvass will be Mayor Mike Sasyk of Madison, Mayor John E. Lee of Venice, Walter "Buck" Simmons, chairman of the Madison County Democratic Committee, and Democratic township chairman Nelson Hagauer of Granite City Township.

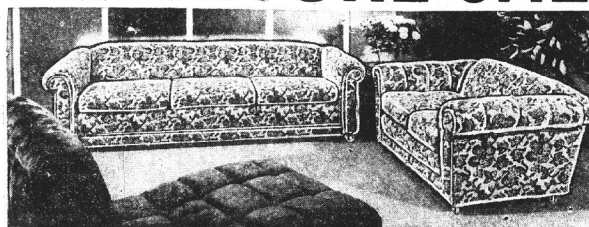

Floyd D. Moss of Nameoki Township and Christ Costoff of Venice Township.

The canvass will begin Saturday and will continue through election day, Nov. 7.

MRS. JIMMIE HENSON. She is the former Miss Patricia Gardner, a daughter of Mr. and Mrs. Donald Gardner, 9 Victoria Drive. Her wedding took place at the Pontoon Beach Church of Christ.

Miss Patricia Gardner Marries Jimmie Henson

A flower covered arch at the altar of Pontoon Beach Church of Christ was the setting for the wedding on Sept. 29 of Miss Patricia Gardner and Jimmie Henson.

Miss Gardner is a daughter of Mr. and Mrs. Donald Gardner, 9 Victoria Drive. The groom's parents are Mrs. Ruth Henson of Rural Route Two and Ora Henson of Edwardsville. Mrs. June Barton, organist, played "For All We Know" and the "Wedding March" preceding the ceremony.

The Rev. Lyle Southerland officiated at the 7:30 p.m. double-ring ceremony. The bride selected a nylon organza and Chantilly lace gown, featuring a mandarin neckline and long bishop sleeves enhanced with lace. The skirt was made in an A-line silhouette, ending in a deep border of Chantilly lace.

A center panel of lace added interest to the detachable court train and she wore a lace-trimmed mantilla veil, full length. The bride's bouquet was created in colonial style of carnations and sprigs of lily of the valley, festooned with long satin streamers.

Mrs. Ron Rinehart was matron of honor and Miss Debbie Henson, sister of the groom, was bridesmaid. They were dressed identically in full length gowns of blue double knit with Chantilly lace accents. Fashioned in camelot style with English court sleeves, their dresses had A-line skirts and satin bows at the waistline.

Each attendant carried a wicker basket overflowing with blue and white carnations. Terry Burton served as best man and Steve Gardner, a brother of the bride, was groomsman.

For her daughter's wedding, Mrs. Gardner chose a French blue gown of chiffon over tulle. The bodice of white chiffon had long sleeves and the

skirt, in blue, was slightly gathered. Venice lace flowers in blue and hot pink detailed the waist and sleeve bands. A pale pink chiffon over tulle gown was worn by the mother of the bridegroom. The frock was made with full sheer sleeves and a high collar. The bodice, cuffs and neckline were trimmed with white lace, inserted with pink satin ribbons. Both mothers wore corsages of carnations in colors matching their gowns.

More than 100 guests greeted the newly married couple at the Long Lake Firemen's Hall in Pontoon Beach immediately after the ceremony.

The former Miss Gardner is a 1972 graduate of Granite City High School. She is employed at Granite City Trust & Savings Bank.

Her husband, who is employed as an apprentice welder at Certified Welding Service, was graduated from Granite City High School in 1971.

Mr. and Mrs. Henson have returned from a honeymoon trip in Missouri and are making their home in Granite City.

MAUREEN HOGAN FETED AT BIRTHDAY PARTY Maureen Hogan observed her 12th birthday at a party given during the weekend by her mother, Mrs. Donna Hartwick, 2544 State St.

A "snoopy" decorating theme was used in the table appointments and games. Prizes were won by Kathy Goodrich and Lori Taylor.

Each guest received a "mod" key chain as an individual favor. Others attending were Kim Verbyck, Lori Logan, Terri Voss and Shannon Bushue.

Carolyn Fay Snider and Lt. Alan Bushouse Wed

The wedding of Miss Carolyn Fay Snider, a daughter of Mrs. Beulah Snider, 2701 Harding Ave., and First Lieutenant Alan James Bushouse, U.S. Army, a son of Mr. and Mrs. William J. Bushouse, 34 Lange Ave., Savoy, Ill., was solemnized Sept. 30 at St. John Lutheran Church.

A program of organ music was played preceding the double ring ceremony performed by the Rev. Samuel Boda at six o'clock. Floral arrangements adorned the altar and lighted tapers illuminated the sanctuary for the evening service.

For her wedding, the former Miss Snider wore a Victorian style chignon gown, designed and created by her mother. Fashioned with an Empire bodice, the high neckline and cuffs of the long sleeves and high necklines were defined with matching crocheted lace.

Each attendant wore a matching apricot and orange veil and carried a bouquet of white and yellow daisy pom poms.

David Schweitzer attended the groom as best man. Robert Bauer, the groom's brother-in-law and Robert Snider, a brother of the bride, served as groomsmen and ushers.

Guests attended a reception at the Flaming Pit Restaurant in Edwardsville immediately following the ceremony.

Miss Snider chose for her daughter's wedding a formal length gown of pale green chiffon made in an Empire style with long sleeves.

The groom's mother, Mrs. Bushouse, selected an Empire design frock with a full length skirt in mystic blue crepe. A jeweled trim enhanced the neckline and high rise waist.

After a wedding trip to Arkansas the couple will reside in Louisiana where the groom is stationed at Fort Polk.

A graduate of Collinsville High School, the bride attended SLUE for three years. Lt. Bushouse is a graduate of Chapman High School and Wentworth Military Academy in Lexington, Mo.

Orange crocheted vests enhanced their frocks, and the cuffs of the long sleeves and high necklines were defined with matching crocheted lace.

Each attendant wore a matching apricot and orange veil and carried a bouquet of white and yellow daisy pom poms.

MISS LINDA HANCOCK, whose engagement to David Wasson is being announced by her parents, Mr. and Mrs. Guy Hancock, of Granite City.

Linda L. Hancock Is Bride-Elect

Mr. and Mrs. Guy W. Hancock, 2444 Bryan Ave., are announcing the engagement of their daughter, Miss Linda L. Hancock, to David L. Wasson, a son of Mr. and Mrs. Frank Wasson of Beaufort, Mo.

Miss Hancock is a graduate of Granite City High School and is employed at Smith-Scharff Paper Company in St. Louis.

Mr. Wasson attended O'Fallon Technical School, St. Louis, and Washington University. He is now employed as chief draftsman at Duke Manufacturing in St. Louis.

Plans are being made for a June wedding.

Circle Meets at Frohardt Home

The Circle of the United Methodist Women of Niedringhaus Methodist Church met last week in the home of Mrs. Waldo Frohardt, with Mrs. Lucy Weaver assisting.

The meeting opened with prayer by the circle leader, Mrs. Grace Paddock. Mrs. Dolores Vogler presented selections from "I've Got to Talk to Somebody" by Marjorie Holmes and from "365 Windows" by H. Luccock.

It was announced a bazaar on Wednesday will take place at 7 p.m. today in Wesley Hall. Eleven members and two guests, Mrs. Olive West and Mrs. Pearl Campbell, were present. The November meeting will be with Mrs. Pauline Cox, with Mrs. Ruby Corbett as assistant hostess.

500 Attend Reception Honoring Claude DuValls

Mr. and Mrs. Claude DuVall, who operated the former Rose Bowl Restaurant for many years, were honored by more than 500 friends and relatives this week in observance of their 50th wedding anniversary.

The couple greeted guests at an afternoon reception held from 1 o'clock to six at the Croatian Hall, 1000 Madison Ave., Madison.

Music was furnished by the John Fornazewski Orchestra and a special drum solo was played by Timothy Schneider, a foster grandson of the DuValls.

A tiered wedding cake centered the attractively decorated table from which a buffet dinner was served. The meal was catered by Charlie's Restaurant.

The DuValls were married in the rectory of St. Joseph's Church in Clayton, Mo., on Oct. 9, 1922. Mrs. Opal DuVall, 68, is a native of Pearl, Ill. Her husband, 73, was born in Perryville, Mo.

Their son, Master Sergeant Donald L. DuVall, is a 27-year veteran of service in the U.S. Air Force. He presently is stationed at the Minot Air Force Base, Minn., but will be re-assigned to Scott AFB, Belleville, after Nov. 15.

The servicemen expects to remain at the Scott facility until retiring from the Air Force in three years.

The couple's second son, Ensign Claude DuVall II, was killed in World War II. The DuValls have four grandchildren and four great-grandchildren.

Mr. DuVall retired from McClellan.

Donnell-Douglas Aircraft Corp. in 1948 when the couple returned to Granite City and began operating the "old" Rose Bowl, taking over from Ruth (Marusky) Geroff. The original Rose Bowl was located on the site of the present Tri-City Radio Co., 3130 Nameoki Road.

They remained at that location for 10 years until purchasing the Ken Theatre Building from Bernard Kramer in 1958.

The structure was extensively remodeled into the former Rose Bowl Restaurant and Cocktail Lounge, which the couple operated along with Mrs. DuVall's brothers, Dave and A. Taylor Butler, until they sold the business in 1968 to Charles Hester.

The Rose Bowl was destroyed by fire last year and completely rebuilt into the present Charlie's Restaurant.

Mrs. DuVall is a member of the Granite City Business and Professional Women's Club, the International Association of Machinists' Auxiliary 84 and Degree of Honor Association.

Her husband is a retired member of Local 837, International Association of Machinists.

Since their retirement from business, Mr. and Mrs. DuVall spend a great deal of time traveling and frequently take fishing trips to North Dakota, Florida and in different areas of Illinois.

Both admit missing their friends and patrons, but are thoroughly enjoying their retirement years, the couple said.

Mrs. DuVall has three brothers and three sisters residing in Granite City. Another sister lives in Collinsville and a brother in California.

Mr. DuVall has two brothers and a sister living in St. Louis. Among the many out-of-town guests attending the reception were Mr. and Mrs. Neal Griffin of Romulus, Mich.; Mr. and Mrs. Nash Schwenk and Mrs. Henry Schwenk and Mrs. Charles Mo., Mr. and Mrs. Richard DuVall of Piedmont, Mo.

Luncheon for Federal Retirees

A harvest theme was used to decorate Kirkpatrick Recreation Hall Monday for the October meeting of Chapter 107 of the Retired Federal Employees Association.

Mrs. W. A. Franklin was in charge of a western social luncheon served to 32 members and guests, seated at tables attractively appointed with autumn flowers and accessories.

Special guests were Mrs. William O'Neil and Ignace Weiss, members of the Madison Senior Citizens Club, who presented a musical interlude on the violin.

The visitors also led the group in a song-fest.

Harry R. Johnson, Chapter 107 president, described activities at the association's national convention held in Fort Worth, Tex. He noted the overall membership total has increased significantly in the past two years.

A brief discussion on pending legislation of special interest to federal retirees and senior citizens was led by W. A. Franklin, legislative chairman.

The Quad-City area chapter will hold its next meeting Nov. 13 at the Kirkpatrick Center.

85 ATTEND OCTOBER GOLDEN AGE DINNER The Senior Citizen Golden Age Circle met Tuesday noon at Kirkpatrick Homes for its monthly potluck dinner, with 85 members and guests present.

Miss Sandra Fearn Is Married in Decatur

An out-of-town wedding of interest here was that of Miss Sandra Fearn, a daughter of Mr. and Mrs. Charles Fearn, 3877 Rodney Ave., and Bill Heyer, son of Mr. and Mrs. Bill B. Heyer, 2549 Forestcrest Drive, Decatur, Ill., Sept. 30 at the Harristown Christian Church, Decatur.

Performing the double ring ceremony at 7 o'clock was the Rev. James Lowery. Lighted candles illuminated the sanctuary for the evening service and arrangements of multicolored mums decorated the altar.

Miss Margie Settlemyer of Granite City sang "A Time For Love" during a unity candle. "Your Face" and "Never My Us," "First Time Ever I Saw Service."

Mrs. Marylynn Baer accompanied the vocalist and played several selections prior to the arrival of the wedding party.

A gown of ivory Nottingham lace over bridal satin, styled with a high neck, full length sleeves and a slightly gathered skirt, was selected by the bride.

Miss Fearn, a sister of the bride, was maid of honor and Mrs. Carlene Newbanks was bridesmaid.

They wore peasant-style dresses created in solid color fabric embossed with white flowers. Each girl had a headband of fresh flowers in her hair and carried a wicker basket of assorted flowers.

The honor attendant chose a matching Nottingham lace, and her bouquet of peach, yellow and ivory roses was encircled with ivory baby breath.

Miss Jackie Fearn, a sister of the bride, was the groomman and Robert Myers and Lane Hendricks seated the guests at church.

Immediately following the ceremony a reception was held in the church fellowship hall.

Bridges Observe 35th Anniversary

Mr. and Mrs. Robert C. Bridges, 3405 Franklin Ave., were guests of honor during the weekend at a surprise reception given at the Grace Baptist Church fellowship hall in observance of their 35th anniversary.

Hosts for the occasion were their son-in-law and daughter; Mr. and Mrs. Lynn Hester, and their son and daughter-in-law, Mr. and Mrs. Dwan Bridges.

The hall was decorated with white satin bows and lilies of the valley with accents of coral and green.

The refreshment table was centered with a two-tiered wedding cake flanked by silver candelabra with white candles.

Encircling the bases of the candelabra were arrangements of lilies of the valley, stephanotis and white satin ribbon.

The table was covered in white with an overlay of white netting edged in lace.

The hostesses were assisted in serving by pieces of the honorees, Misses Debbie and Denise Mize, and Miss Donna Mize presided over the guest register.

Approximately 60 relatives and friends gathered to offer their congratulations and to honor them with many gifts.

Mr. and Mrs. Bridges were married in Cadiz, Ky., on Oct. 9, 1937, by the Rev. Luther Sanders. Two children were born to the marriage, and they have one grandchild, Amy Hester, who is four.

Bridges, a carpenter since coming to Granite City from Cadiz, in 1941, is currently employed in this capacity by the P. N. Hirsch Co.

They are both members of the Emmanuel Baptist Church.

Out-of-town guests at the reception were his mother, Mrs. Myrt Bridges, his sister, Mrs. Myra Lawrence, and his brother, C. T. Bridges, all of Cadiz; Mrs. Irene Mize of Nashville, Ill. Mr. and Mrs. Ernest Benson of Arnold, Mo.

Mr. and Mrs. Tony Kern of St. Louis, Mr. and Mrs. Ernest Kern of Cape Girardeau, Mo., Mr. and Mrs. Guy Boyd of East St. Louis and Misses Debbie, Denise and Donna Mize of Edwardsville.

Quad-City Mayors Salute Area Business Women

By VALERIE EVENDEN
Press-Record Staff Writer
The Quad-Cities will honor its working women next week as part of a nationwide observance of National Business Women's Week by calling attention to the many contributions of America's working women who represent nearly 40% of the total labor force.

The observance starts Sunday and continues through Sunday, Oct. 22.

In proclaiming National Business Women's Week in the Quad-City area, Mayors Donald Partney of Granite City, Mike Sasyk of Madison, Dr. John Lee of Venice and Otto Krohn of Pontoon Beach, stated—

"We are proud to salute the Granite City Business and Professional Women's Club in its efforts for the good of the community and in bringing people closer together with the annual

Granite City PRESS-RECORD

Prayer Breakfast.
The four municipal executives urged "all citizens, civic and fraternal groups, educational associations, news media and other community organizations to join in this salute to the working women by encouraging and promoting the celebration of achievements of all business and professional women as they contribute daily to our economic, civic and cultural purposes."

The proclamation issued by the mayors continues—"Working women constitute 26 million of the nation's work force and are constantly striving to serve their communities, their states and their nation in civic and cultural programs..."

"The major goals of business and professional women are to help create better conditions for business women through the study of social, educational, economic and political problems; to help them be of greater service to their community; and to further friendship with women throughout the world."

"All of us are proud of their leadership in these many fields of endeavor."

170,000 Members.
The Granite City Business and Professional Women's Club will join more than 3,800 BPW clubs and their 170,000 members in celebrating the achievements of all working women by participating in several events next week.

Mrs. Maxine Grissman, chairman of Business Women's Week, is in charge of arrangements.

Special Events.
Special activities include: Sunday—Attendance at the church of one's choice and a dinner cruise on board the Huck Finn riverboat.

Monday—Attending a meeting of the City Council of Granite City as a group.

Tuesday—Dinner at Augustine's Restaurant and viewing the off-Broadway production of "Fantasticks."

Wednesday—Legislation dinner meeting at Charlie's Restaurant at 6:30 p.m., featuring guest speakers, State Senator Sam Vadalabene and Representatives Leland Kennedy, Horace

Calvo and Robert Walters.

Thursday—"Trick or Treat" kaffee klatch at the home of Mrs. Grissman, 2338 Buenger Blvd.

Friday—Entertainment of senior citizens at Anchorage Homes, including a Halloween party and music by the Eagles-Kitchen Band.

Saturday—Theatre-luncheon trip to the Barn Dinner Theatre at Ellenville, Mo., to see the drama—"Wait Until Dark."

Sunday, Oct. 22—Attend District 14 fall dinner at 1:35 p.m. at the Stratford Hotel, Alton, when guest speaker will be Violet Davis, president-elect of the Illinois State Federation of Business and Professional Women's Clubs.

Reflect Occupations.
To direct public attention to the week-long observance, posters have been made by the local club's Business Women's

Week committee and will be placed in area business firms.

Mrs. Grissman said, "Many of the posters reflect the professions of the club's current membership, totaling 97 women, which consists of 44 different occupations, the chairman noted."

The National Federation of Business and Professional Women's Clubs, Inc., which initiated National Business Women's Week in 1928, was founded in 1918. Its primary purpose was and is to promote the interests of working women everywhere.

Its membership extends to all 50 states, the District of Columbia, Puerto Rico and the Virgin Islands.

Organized in 1921.
Mrs. Pauline Weir serves as president of the Granite City Club. The local chapter was organized in November 1921 and

celebrated its 50th anniversary last year.

The 1972-73 club program is based on the theme "Women Helping Women" with emphasis on "action" to carry out the four objectives of the BPW organization—to elevate the standards of women in business and the professions; to promote the interest of all business and professional women; to bring about a spirit of cooperation among the business and professional women of the United States and to extend opportunities through education in industrial, scientific and vocational activities.

These in charge of arrangements for the week's activities are Margaret A. Auferheide, Betty Stone, Rena James, Ollie Wilson, Rose Darling, Paula Smith, Edna Kolbrecher, Verna Lengyel and Valerie Stevens.

MR. AND MRS. GREGORY A. HINTZ. They were married in a morning ceremony at the Maryville Assembly of God Church. The bride is the former Miss Debra L. Hammond, a daughter of Mr. and Mrs. David Hammond of Glen Carbon.

Hintz-Hammond Wedding At Maryville Church

Miss Debra L. Hammond, a daughter of Mr. and Mrs. David Hammond, 1404 North Drive, Glen Carbon, became the bride of Gregory A. Hintz, son of Mr. and Mrs. Robert Hintz, 19 Georgetown Drive, Granite City, in a morning ceremony Oct. 7 at Maryville Assembly of God Church.

The Rev. George O. Ankarlo performed the double ring service at 11 o'clock before an altar decorated with bouquets of white 'mums, accented with pink pom poms and greenery. Branched candelabra, festooned with white streamers and greenery, held tall lighted white tapers.

Escorted down the white carpeted aisle by her father, the bride wore a gown fashioned of white Chantilly lace in a princess silhouette style. The fitted bodice featured a sash, neckline and long bishop sleeves. Pink rosettes and pink satin ribbon marked the natural waistline and the delicate trimming was repeated on the full skirt.

Her Mantilla veil edged in matching lace was secured with a high stand up lace headpiece and she carried a cascade of white carnations interspersed with greenery.

Miss Linda Hammond, a sister of the bride, was maid of honor. She selected a full length dress in ivory and avocado georgette over tulle. The bodice was created in ivory cotton Venise lace with a scoop neckline and shepherdess sleeves. The skirt of georgette was fully gathered at the waist and flowed gently into a chapel length train.

She wore a camelot cap with a matching veil attached at the back and she held a colonial

bouquet of bronze pom poms centered with gold colored flowers.

Miss Debra Hintz, a sister of the groom, and Miss Brenda Johnson, bridesmaids, were gowned in identically styled frocks in ivory and gold. Both Run, Mo.

Out-of-town guests here for the wedding included Mr. and Mrs. Roy Harm of Ellendale, N. D., Mrs. Blondell Elford, Rochester, Minn., and Mr. and Mrs. Chalk Drummond of Doe Run, Mo.

The couple left for a wedding trip to Springfield, Ill., after the reception.

Mrs. Fedora Is Shower Honoree

Mrs. Frank (Sharon) Fedora, 1629 Moro Ave., was honored at a cradle shower this week at the Veterans of Foreign Wars Hall on Washington Avenue.

Traditional pink and blue appointments were used to decorate the refreshment and gift tables.

The honoree was assisted in opening her gifts by Miss Diane Varady, Mrs. Connie Simpson and Mrs. Joan Vaughn.

Games were played for entertainment and prizes were awarded to those who excelled. A buffet luncheon was served in 84 guests, including the honoree's mother, Mrs. Kathryn Clark.

carried colonial bouquets.

The little flower girl, Tonya Yunger, was attired in a deep yellow dress and carried a white basket of flowers in fall colors.

Douglas Hintz, a brother of the groom, served as best man, with Gilbert Yunger and Tony Hargis as groomsmen. Kevin Patterson was the ringbearer.

Mrs. Hammond was attired in a pale blue polyester coat and dress ensemble. Her accessories were in the same color.

The groom's mother chose an avocado street length dress trimmed in matching Venise lace and complemented with avocado accessories. Both mothers wore white pom pom corsages.

The former Miss Hammond is a 1971 graduate of Edwardsville High School. Her husband was graduated in 1970 from Granite City High School and is now employed as an expediter at United Bumper Plating Co.

The couple left for a wedding trip to Springfield, Ill., after the reception.

Out-of-town guests here for the wedding included Mr. and Mrs. Roy Harm of Ellendale, N. D., Mrs. Blondell Elford, Rochester, Minn., and Mr. and Mrs. Chalk Drummond of Doe Run, Mo.

IT'S WISE TO BUY PLENTIFUL FOODS

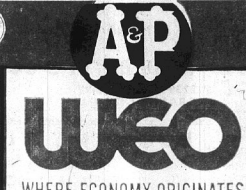

Why? Because foods in plentiful supply are usually higher in quality and lower in price. Often lower prices than the previous year.

That's great, if someone tells you which are the plentiful foods... what ones are priced lower than a year ago.

Now, as a service to our customers, when we feel an advertised item is an especially good buy because it is plentiful, we'll use the U.S.D.A. symbol (printed above) to highlight the product in our ads. And, periodically in our ads, we will print the U.S.D.A. Plentiful Foods list for you.

One more thing, when a plentiful food or any other item is priced lower than a year ago, we'll make a special effort to tell you about it.

Choose plentiful foods... for plenty of value.

In Memoriam 33

In loving memory of KEN-
NETH WIGGINS who passed
away Oct. 11, 1961.
Today recalls sad memories
Of a loved one gone to rest.
Those who think of you today
Are the ones who loved you
best.
What I would give to see you
again.
Today sit with me and talk
a while.
The day was sudden,
The shock severe,
To part with one I loved so
dear.
I often sit and think of you,
Things you used to say and do,
I wonder why you had to die
Without a chance to say good-
bye.
Sadly missed by

Gone, dear father, gone for-
ever.
How we miss your smiling face,
But you left us to remember
None on earth can take your
place.
A happy home we once enjoyed,
How sweet the memory still
But death has left a loneliness
The world can never fill.

MR. AND MRS. MARK D. SKINNER. The bride is the former Miss Betty Jean Sands, a daughter of Mr. and Mrs. John E. Sands of Granite City. They were united in marriage at First Baptist Church of Mitchell.

Betty Jean Sands Wed In Evening Ceremony

The wedding of Miss Betty Jean Sands and Mark D. Skinner was solemnized at 6 o'clock, Oct. 7, in a candlelight service at the First Baptist Church of Mitchell.

Officiating at the double ring ceremony was the Rev. Roland Cooper. Mrs. Richardson, organist, played the theme from "Romeo and Juliet" and the "Wedding Prayer," preceding the arrival of the bride party.

The bride is a daughter of Mr. and Mrs. John E. Sands, 4477 Highway 162. The groom is a son of Mr. and Mrs. Elzabeth Sneed, 3 Montclair Court, Florissant, Mo., and Henry Skinner, Lot 7 Clearview Acres, East St. Louis.

Given in marriage by her father, the bride chose a long white gown of heavy tulle set in designed in a princess style. The sweetheart neckline was etched with pearls and the cuffs of the long sleeves were fashioned in white crocodile lace.

The very full skirt of matching lace over satin revealed a right of way line of said Sixteenth Street.

A detachable chapel length train was created in brocade lace and she carried a colonial bouquet of white carnations and blue forget-me-nots.

Miss Kathy Sands, a sister of the bride, groom attendant and Miss Beverly Kitchell, bridesmaid, were gowned alike in formal length blue brocade dresses.

Blue satin bows secured their blue nose tip veils and each held a nosegay of white carnations and blue forget-me-nots.

The little flower girl, Dianne Thompson, a cousin of the bride, was attired in a frock similar in style to the attendants' gowns. She carried a white basket of flowers.

Attending the groom as best man was Bruce Taylor, Paul Skinner, a brother of the groom, was groomsmen and John J. Sands, the bride's brother and Steve Rudolf served as ushers.

Lighting the candles was Miss Ruby Lynn Sands, a sister of the bride.

Guests were received by the newly married couple at a reception held at the 300 Room of Tri-Motor Bowl immediately following the ceremony. Miss Ruby Sands presided over the guest book.

For her daughter's wedding, Mrs. Sands selected a pink dress made in Empire style with sleeveless bodices, featuring round necklines, and A-line skirts.

A rehearsal dinner for members of the wedding party was given by Mr. Skinner at the Chuck Wagon the evening preceding the wedding.

The former Miss Sands is employed at Gate Way North Restaurant in Granite City. Her husband works at the Venture Store. Both were graduated from Granite City High School.

After a wedding trip to California they will reside in this area.

Smith-Caschetta Vows Exchanged
Miss Judith Caschetta, a daughter of Mr. and Mrs. Ralph Caschetta, 223 Edwards St., and Donald R. Smith, son of Mr. and Mrs. Ira Smith, 3001 Circle Drive, were united in marriage on the evening of Oct. 7 at Second Baptist Church, officiating at the double ring ceremony.

A sister of the groom, Miss Robin Smith, was the maid of honor and Ronald Keeton served as best man.

Following the wedding, a reception was held in the home of the brides parents.

A sister of the bride and Mrs. Ira Smith and children, Janet, Douglas and Dennis, Mr. and Mrs. Caschetta and son, Jim, Mr. and Mrs. Everett Bull, Mr. and Mrs. Harold Ellis, Mr. and Mrs. Carol Jack and children, Linda and Billy Joe, and the bride's sister and brother-in-law, Mr. and Mrs. Robert Mayes and their son, Benjamin.

The newlyweds are both graduates of Granite City High School and will make their home in Granite City. The former Miss Caschetta is employed by the Granite City Trust and Savings Bank and Mr. Smith is a student at the Belleville Area College.

Cub Leaders Meet for Roundtable

A Cub Scout leaders roundtable meeting was held Tuesday night at Mitchell School, with Howard Baxter, Pack 141 cubmaster, presiding.

The meeting was opened by reciting the colors followed by the pledge of allegiance led by Cub Scouts Keith Peck, Charles Whitsell, Keith Smith and Joe Price of Pack 141, assisted by Den Chief Mike Baxter of Boy Scout Troop 41.

Ron Luebben, roundtable commissioner, welcomed the leaders and presented international scouters' pins to the newcomers.

Lesche Club Tours College

The Lesche Literary Club observed its annual "Guest Day" Tuesday when members traveled by bus to Principia College in Elmhurst, Ill.

Students at the college conducted the visitors through the main buildings, study rooms, dormitories and the chapel, which overlooks the Mississippi River.

Lunch was served at a decorated table in the main dining room.

Twelve members and guests made the tour, including Miss Emmett Beeler, David John, Helen Matson, Hannah Kleinschmidt, Nannie Meadows, Sophia Gordon, Emil Mueller, Russell Johnson, Alfred Krumm, Granville Collins, Thomas Pauly, Edward Pauly, Jeanne Williams, Walter Eichner, Ernest Elieff and Kent Holsinger.

The Nov. 14 meeting will be in the home of Miss M. F. L. Henry, 27 Oaklawn Drive.

Grandsons Born Here Same Day

Mr. and Mrs. Perry Gentry of Carlinville, Ill., formerly of Granite City, are announcing the birth of two grandsons, both born Thursday at St. Elizabeth Hospital. The mothers of the new arrivals are daughters of the Gentrys.

Parents of the infants are Mr. and Mrs. Gary Jenkins of Carlinville and Mr. and Mrs. Charles Kibbons of Glen Carbon.

The Jenkins' son weighed eight pounds, 10 ounces and has not yet been named. He has two brothers, Scott, 10 and Sean, 8.

Perry Dyer is the name selected by the Kibbons family for their child, who weighed seven pounds, eight ounces. The couple has three daughters, LeVonda, 9, Edith Ann, five and LeVina, 11 months, and a son, Charles Jr., 7 years old.

MRS. KREKOVICH JOINS JUNIOR SERVICE BOARD

The October board meeting of the Granite City Junior Service Board was held Monday evening at the home of Mrs. Marian Wright, 45 Cambridge Drive, with ten members present. Mrs. Linda Salchik presided.

Due to the resignation of Mrs. Charlene Pohman from the board, Mrs. Loretta Krekovich was elected to serve the unexpired term.

The success of the club's recent home tour and bazaar was discussed; all proceeds will be used for charity.

A "white elephant" sale will be held at next Monday's club meeting. Each member is to bring two items. Members also are to bring gifts for the club's "adopted" girl on her birthday.

Methodist Women Elect Officers

The United Methodist Women of Niedringhaus United Methodist Church met Tuesday evening in Wesley Hall to elect officers to the executive group and name circle leaders.

Mrs. Lucy Weaver was re-elected president. Others named were Mrs. Sharon Lancaster, vice-president; Mrs. Elizabeth Briggs, secretary; Mrs. Jean Van Matre, treasurer; Miss Ella Rae Smith, social relations; Mrs. Virginia Helms, missionary education; Mrs. Alice Baugh, spiritual chairman; Mrs. Elsie Henley, program; Mrs. Clara Sotloff, membership; Mrs. Eula Davis, local church relations; Mrs. Grace Paddock, nominating committee chairman; and Mrs. Gladys Wallace, publicity.

Circle leaders, who will serve in 1972-73, are: Truth, Mrs. Shirley Bushue; Faith, Mrs. Sue Miller; Love, Mrs. Phyllis Bills; Honor, Mrs. Clara Wadlow; Hope, Mrs. Marie Klein and Miss Ella Rae Smith; Patience, Mrs. Ethel Lerch; and Loyalty, Mrs. Mary Hemphill.

Mrs. Elizabeth Briggs presented the devotional lesson, Achamma Mathew, a registered nurse from India, was the guest speaker. She is now employed at St. Elizabeth Hospital.

During her talk, Miss Mathew related interesting customs and described historical places in her native country.

Peace Circle served refreshments to 35 members.

All Indications Point to a Final Federal Decision in December
Designating Columbia-Waterloo as Site of New Regional Airport

It would have been better if the decision to locate a new metropolitan area airport at Columbia-Waterloo had been reached and announced prior to the Nov. 7 election. While it now seems likely that this will not happen, there is no basis for gloom.

Nothing has changed the basic fact that the Illinois site is the only one which is adequate in size and funding and the only one located close enough to the heart of the bi-state metropolitan area.

St. Louis Mayor A. J. Cervantes still strongly backs an Illinois airport along the sound lines worked out jointly by his office and by the administration of Illinois Governor Richard B. Ogilvie. He said Monday that if Lambert Airport could meet financial, ecological, economic and space requirements and if it could gain Federal Aviation Administration and airline approval, the city would not stand in its way.

Mayor Cervantes also cited studies which show that all the "ifs" cannot be met. Bryan Whalen, executive assistant to Gov. Ogilvie, pointed out that "Mayor Cervantes always has said that Lambert is the only site in a feasible way to accommodate air traffic for the next 30 years, it would be preferable; nothing has changed in what the mayor has said."

Whalen added that Illinois expects federal approval of the Columbia-Waterloo airport plan within 60 days, and that the state will begin land ac-

quisition by Jan. 1.

Missouri voters will have a chance to vote Nov. 7 on whether they favor immediate development of the proposed airport or retention of Lambert as long as possible followed by the building of a new airport in Missouri. The "stacked deck" wording of the ballot, ignoring impractical and impossible aspects of the question, assures a heavy but meaningless pro-Missouri vote.

In projecting a final decision in December, Whalen apparently is allowing for the 30-day period in which an environmental impact statement must be displayed to the public prior to a site decision. Such a statement has not yet been filed, with an accompanying notice placed in the federal register.

U.S. Senator Charles H. Percy of Illinois has voiced confidence that a favorable decision will be made by the FAA and U.S. Department of Transportation shortly after the general election.

Quad-Cityans look forward to the "green light" being given because this locality and the entire region for miles around it is a spacious, safe, ultra-modern airport.

The present hemmed-in airport—unfortunately, but truthfully—must be replaced soon, so this bi-state area will begin to lose out to other metropolitan regions in attracting business, residents and jobs.

Cahokia Mound Boy Scout Council Now Owns the Beautiful Ozarks
Camp That It Has Been Developing Into One of Best in America

Transfer of Camp Sunnen, Ozarks area summer campsite, to the Cahokia Mound Boy Scout Council is a heartening development for several reasons:

1. The council over a period of nearly two decades has utilized the camp and developed a number of buildings and other facilities on the scenic tract of rolling land.

2. Instead of the 251-acre area originally used for camping purposes, a 370-acre site has been developed, along with permanent access rights to beautiful Lake Sunnen, a 350-acre body of water.

3. The new owner of the camp is the local scout council, whose very existence was being threatened less than a year ago. Lack of title to a summer camp and lack of a modern council service center were cited by local and St. Louis apostles of "let's join the St. Louis bandwagon"; now, the Cahokia Mound Council has one.

Area Between Two Parks Here Ideal as Site of Bicentennial Park

A park linking the Horseshoe Lake State Park with Cahokia Mound State Park would be an ideal place for this region and Illinois to celebrate the 200th anniversary of the United States.

The Indian mounds area and Madison County have long and interesting histories which are highly appropriate to review on the occasion of the bicentennial and in succeeding years.

of the best camps in the nation and also is well on the way toward constructing a brand new office building here.

Much credit goes to active committee members like Henry D. Karandjeff, Carl E. Mathias, G. Rollin Hennessey, and others, who, since it came after the lawmakers, is nothing more than an exercise in futility, since it comes after the fact.

But the \$250 billion spending limit, boldfaced through the committee by Ways and Means chairman Rep. Wilbur Mills, would give the administration to slash funds from programs already blessed by Congress.

Congress, with the fiscal year already begun, has voted \$257 billion in spending, including more than \$5 billion in revenue sharing which needs only clearance by a House-Senate conference committee.

The spending restrictions, as passed by the committee, place no strings on the President's right to trim expenditures.

While some congressmen, reluctant to expect to relinquish strings, voiced fears of "dictatorship," the alternatives appear to be a return to income ceiling or higher taxes—or both.

The grim options were explained to committee members tersely by Herbert Stein, chairman of the Council of Economic Advisers.

"If we don't keep the 1973 budget from exceeding \$250 billion," he said, "someone will be up here in a few years exclaiming that the budget should not exceed \$500 billion."

"The reasons for restraining expenditures today are both short-run and long-run."

"The short-run reasons may be summed up in the word 'inflation.' The long-run reason may be summed up in the word 'taxation.'"

Ordinarily, Congress could not be expected to relinquish its grip on spending practices. The support given to the measure by Mills, however, makes adoption likely.

With the Arkansas Democrat-designated vice-presidential candidate Sen. George McGovern as his choice for Treasury secretary, Demo-

Limit Spending—Or Accept Inflation, Higher Taxes

Copy News Service

A federal debt ceiling is a mythical structure frequently raised to accommodate spending programs mandated by a Congress.

The latter figure takes into account the estimated \$27 billion deficit built into the fiscal 1973 budget and already budgeted by appropriations in excess of budget requests.

The rise in the debt ceiling, although debated at length each time it comes before the lawmakers, is nothing more than an exercise in futility, since it comes after the fact.

But the \$250 billion spending limit, boldfaced through the committee by Ways and Means chairman Rep. Wilbur Mills, would give the administration to slash funds from programs already blessed by Congress.

Ordinarily, Congress could not be expected to relinquish its grip on spending practices. The support given to the measure by Mills, however, makes adoption likely.

With the Arkansas Democrat-designated vice-presidential candidate Sen. George McGovern as his choice for Treasury secretary, Demo-

crats can hardly dispute his fiscal acumen.

And Republicans have long been aware that a spending limit is a priority goal of their party leadership.

The lid on expenditures may not be attractive politically, but it has been recognized privately by leaders of both major parties as the only feasible approach to fiscal responsibility.

The President believes that lack of federal fiscal discipline results from "the hoary and traditional procedure by which Congress considers the budget."

The legislative branch acts on the various spending programs as if they were unrelated and independent of each other.

Recently, Arthur F. Burns, chairman of the Federal Reserve Board and a respected economist, said the crux of the problem is how to gain control of the runaway procedures instead of continuing to spend more without raising taxes to pay for new programs.

In all of this there is an evident determination by the administration to get a handle on the problem, which it shares with Congress.

True, the President already has the constitutional authority to withhold funds approved by Congress if he believes that spending is getting out of hand. However, the scope of this type of economy is limited.

It always immediately throws the matter into the political arena—so do Presidential vetoes of bills.

Realistically, there is no reason why Congress cannot support a \$250 billion ceiling on the budget—this in itself would require \$30 billion in deficit spending.

The renowned Brookings Report testifies that many of the billions of dollars that Congress appropriates are literally thrown away.

The renewed Brookings Report testifies that many of the billions of dollars that Congress appropriates are literally thrown away.

Deputy Secretary of the Treasury Charles Walker adds that the government has spent \$40 billion in the last decade for manpower programs that put fewer than 400,000 persons to work.

He offers to show how he could cut \$45 billion from programs within the "controllable" part of the budget without reducing essential federal services.

All discussions on the subject have some things in common. The federal government is spending too much money on the idea that billions of dollars are wasted.

Republicans and Democrats agree that Congress should have a better overview of income and spending to relate the two.

Many ask for pilot programs before large-scale priorities are established.

Need Some Peanut Butter and Jelly
Recipes? Old Farmer Has a Few

It's mid-October, it must be time for another edition of the Old-Farmer's Almanac.

We cannot personally verify seeing the first annual publication, but we have it on good authority that the year was 1792. The new edition, for 1973, marks the 181st anniversary.

Founded by Robert B. Thomas, the Almanac's spelling "Almanack" in those days still carries his name on the cover. But the author of much of the present information is "Abe Weatherwise."

Since Abe is admittedly a "mythical forecaster," further investigation shows that credit for the uniquely successful enterprise is shared currently by Rob Trowbridge, publisher, and Judson D. Hale, editor.

They commented to the Press-Record this week that "waters of predicting the outcome of upcoming Presidential elections, no two persons could have their necks stuck out farther."

"With predictions of up to 200 inches of snow in the New England mountain areas, spring floods in Mississippi River valleys, the hottest summer in years at the Rockies, and the beginnings of a severe drought in the fall, old Abe is making short shrift of good news for the 1973 weather scene."

The almanac's regional forecast for his part of the U.S., covering the period of November 1972 through October 1973, envisions "a relatively mild winter but a scorching summer, with consistently low precipitation."

Trowbridge and Hale add, "Last year, our forecasts had their ups and downs, but the prediction of extraordinary rainfall in June led to a great deal of interest from the victims of hurricane Agnes."

"The winter was warmer than usual, the summer rainier than normal, and so Old Abe Weatherwise and his formula are not to be discounted—at least not yet."

While everybody talks about the weather, we do our best to do something with it, the heart and soul of any almanac are the astronomical calculations and the calendar pages which describe the movements of the Heavens over the next year.

"Eclipses, solstices, equinoxes, planetary conjunctions, all are the truly predictable part of the weather and yet so awe-inspiring to the common man."

"These pages tell us that on next July 5, 1973, Mercury is stationary in right ascension and on July 13 the moon is at the Dragon's Head on the ascending node."

"These phenomena may not fascinate every reader but, for the growing group of astronomical and astrological buffs, the almanac remains an easily available source of this information."

"In the standard fare, updated each year, such as the Planting Table (p. 60), Postal Laws (pp. 68-69) and Auto Laws (p. 145), we have added some new items:

"Snowmobile Laws (p. 129), 126; Clock Time vs. Sun Time (p. 128)."

"All shall be well."

"For the ladies, we have listed the Language and Sentiment of Flowers (p. 122), given an idea of the year 1905 (p. 116) and provided new recipes for that universal staple of the American diet, peanut butter and jelly (p. 140-142)."

"All in all, this year's edition has been great fun to produce because we have finally given ourselves enough space to do the job right."

"With over three million copies now being printed, we can only hope that our friends and our critics will enjoy the 1973 Almanac and tell their friends (and critics?)"

"They have nothing to worry about, judging by another of their favorite sayings on Page 126:

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

"All shall be well."

The FORM

'WALKING THE BEANS'
APPLIED TO DRINKING

To the Editor:

If you are conducting a business, and your outlay for expenses is greater than your income, you go bankrupt.

The liquor industry is a dismal failure. When it pays \$2 in tax, we must pay \$5 to \$10 in clean up after it. We lose \$8 to \$10 in lost wages. Could any transaction be more foolhardy?

But that is not all. Alcoholics are created and homes are ruined. Divorces increase. Child abuse becomes common. Early deaths occur.

In Iowa, and perhaps in other states, they do what is called "walking the beans." That is, they go through a bean field, pulling up obnoxious weeds, leaving the beans to grow and mature.

The liquor traffic in "walking the beans" pulls up the weeds in this great evil? If you give a man a drink of intoxicating liquor, or advise him to imbibe drink, and he under the influence of that liquor commits murder, are you not a participant in that crime?

The way of alcohol, nicotine and other narcotic drugs is the path of pain, sorrow and death.

OCCUPANCY OF RENTED HOMES CHANGES OFTEN

To the Editor:

It was always under the impression that when a person or persons rent a house, that the one they rent from knows who is moving in or out.

It doesn't seem to apply in some areas, especially in the area of a live-in "behind the mill."

While one party moves out one party moves in. The other party is moving in the other.

As for the one who owns the property, you never see him. He doesn't seem to even bother about coming around check who lives there or what shape the place is in.

Venice Women Honor Scholarship Winners

The Venice Women's Club held its 17th annual scholarship awards dinner and reception during the weekend to honor the 1972 scholarship recipients—Miss Betty Townsend and William Young.

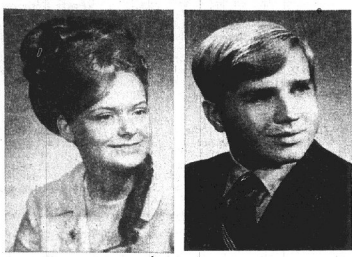

The affair was given amid an autumn harvest theme setting at the Venice Recreation Center on Broadway.

Mrs. Margaret Seibert, Mrs. Nora McCord, Mrs. Josephine Johnson and Mrs. Lisa Bauer served on the club's scholarship selection committee.

Miss Townsend, a daughter of Mr. and Mrs. Lee Townsend, 217 Ashbrook St., Venice, is a student at Southern Illinois University, Edwardsville. She plans a career in education.

Mr. Young's parents, Mr. and Mrs. Henry R. Young, reside at 1312 Robin St., Venice. He is a junior at Missouri Baptist College, where he is studying for the ministry.

At the present time, the young man has a pastorate at

who was named "Mother of the Year" at the University of Illinois this year.

Mrs. McCarty gave a delightful and informative account of

her trip around the world, a journey she made during the summer months. She illustrated her narrative with films, showing many countries visited on her tour.

At the conclusion of the meeting, Mrs. McCarty was presented with a gift and the two scholarship recipients received \$100 checks and framed certificates.

Making the presentations were Mrs. Madonna Groshong, club president, Mrs. Bertha Pace, treasurer and Mrs. Ellen Deering, program chairman.

An autumn theme was used in the hall decorations, with arrangements of fall flowers in vases and wicker baskets centering the dining tables.

Attending were Mrs. Lee Townsend, a guest, and members, Madeline Alice Mitchell, Allene Patterson, Melba Elgan, Rhea Buene, Mary Miller, Ruth Cawner, Marie Ponce, Elsie Smith, Edith Decker, Sybil Robbs, Clara Krause, Rose Scaturro and Jessie Foley.

Mrs. Peg Crnkovich will serve as regent for the 1972-73 year.

Other officers include Miss Dorothy Hoedebeck, past regent; Mrs. Marianose Lambert, vice-regent; Mrs. Pauline Mezars, financial secretary; Mrs. Irma Manning, treasurer; Mrs. Grace Range, recording secretary; Mrs. Clara Schilling, Juliana Hoedebeck and Mrs. Vera Carey, trustees.

Mrs. Gura Pare, chancellor; Mrs. Berdell Goeller, cotidian; Mrs. Mary Horvat, monitor; Mrs. Frances Gruber, banner bearer; Mrs. Rosalima Johanningmeier, scribe; Mrs. Wilma Mance and Mrs. Cecilia Mance, guides; and Mrs. Florence Ashall and Mrs. Esther Farr, inner guard.

During the business session Mrs. Pare, chancellor, presided.

The members of the Fatima Circle will meet on Friday and entertain the residents there.

Contributions were made to the Madison County Retarded Children's fund and to the Cystic Fibrosis drive.

Mrs. Crnkovich announced a joint meeting with seven circles from the Southern Illinois area will take place Oct. 19 in Wood River. She said communion Sunday will be observed at Sacred Heart Church Oct. 29.

A report on a meeting at the Round Table Restaurant was submitted by Juliana Hoedebeck and a brief discussion on the annual Christmas party followed.

The birthdays of Mrs. Elizabeth Mehele, Mrs. Martha Kozuska and Mrs. Margaret Richardson were observed.

Refreshments were served to members by hostesses, Madeline Elizabeth Mehele, Teresa Schuler, Elvira Thurber, Olivia Duggan, Mayme Elmore, Helen Oberlin and Vera Carey.

Secretaries Hear Retirement Topic

"Retirement Plans" was the subject of a talk presented by Eugene Verdu at the October meeting of the Tri-Cities Chapter of the National Secretaries Association at Charlie's Restaurant.

Verdu is director of a Neighborhood Opportunity Center and a senior citizen's group in Canton Township. Presently, he is conducting retirement planning courses for Bellevue Area Junior College.

"The main adjustments which occur with retirement involve economics, physical and mental health, living arrangements, and legal points which must be considered if you choose to relocate in a different state," the guest speaker said.

"I would suggest that before deciding on a place to live during the retirement years, prospective retirees spend two or three weeks there for a few years prior to retirement to make sure the climate, people, living conditions and general surroundings will not be disappointing," Verdu said.

The meeting was in charge of Twila Edmonds, president. Reminders were made by Frithy, Anne Smith and Marabeth McConnell. The finance committee's proposed budget for 1972-73 was approved by the membership.

One of the highlights of the meeting was secret balloting for the "Boss of the Year." The winner will be announced at the annual "Boss Night Dinner" on Wednesday at Mr. Yac's in St. Louis.

Invitations have been mailed to past "Boss of the Year" winners, including C. F. White.

GUEST SPEAKER Eugene Verdu shown with his assistant, Anne Smith, center, and Twila Edmonds, president of Tri-Cities Chapter of the National Secretaries Association. He spoke on retirement plans at the chapter's dinner meeting at Charlie's Restaurant.

head—General Steel Industries; Larry Sidener—Sidener Supply; Harry Thebaud—State Farm Mutual; David Reid—Dixie Mills; Mary Sedekum—Amso Plumbing; and Elroy Rule—Our Lady of the Snows Shrine.

Mrs. Salley Gracey, program chairman, outlined programs for the remaining months, and announced that a wine demonstration is set for the Nov. 2 meeting. Members will assemble at 5:45 p.m. as wine tasting sessions will precede and follow the dinner hour.

Chairman of the FSA committee, Mrs. Charlotte Vunovic, reported on an initiation and installation ceremony held at the Central Christian Church during

which 44 new members were accepted into the local FSA Chapter. She also stated that 13 FSA members would accompany the NSA members to the Alton Chapter's workshop.

Those planning to attend the workshop are Mrs. Vunovic, Helen Gieszmann, Anne Smith, Peggy Moore, Gail Foley and Janet Barbers.

Prizes were won during the evening by Marabeth McConnell, Gail Foley and Betty Borsch.

Baton Students Twirl in Indiana

Two local youngsters won first place trophies in a baton contest held at LaPorte, Ind., during the weekend and seven other students received trophies in different levels of the competition.

Zandra Yount, 4-year old daughter of Mr. and Mrs. Ray Yount, received two first places for parade majorette and best appearing.

Laurie Withers, 11-year-old daughter of Mr. and Mrs. H. M. Withers, earned a first place in best appearing-military.

Other children taking part in the contest included Pam Loy, Colette and Georgette Tanksley, Jackie Pabusi, Pam Engle, Ray Alan Yount and Pam Carman.

Personal Development Series Is Planned

A program of monthly activities in keeping with "Objectives in Action, the 1972-73 theme of the National Federation of Business and Professional Women's Clubs, was reviewed at a meeting of local BPW members in the home of Miss Annellen Smith, 2810 Yale Ave.

The Personal Development Committee of the Granite City BPW Club planned the events to conform to guidelines established in the federation's four primary objectives—to elevate, promote, cooperate and to extend opportunities to others through specific programs.

In adopting the monthly schedule of activities, the BPW committee and club officers extended an invitation to members, prospective members and other organizations to take part in the planned programs.

November Style Show Special events arranged by the committee in conjunction with other BPW groups include the club's annual "Style Show" on Nov. 19 and attendance at a performance of the St. Louis Symphony Orchestra in December.

A book review luncheon will be held in January. In February, which is observed by the BPW as "World Affairs" month, the local club plans a potluck

dinner, travelogue and bowling party.

March has been designated as "Crafts Month" when classes will take place in ceramics, knitting, crocheting and decoupage. In April, a theatre party is being scheduled and BPW members and guests will attend the "Maifest" at Herman, Mo., in May.

Attend Farm Festival During the weekend a group of BPW members motored to Arcola to view "Horse Farming Days," an annual fall festival in which "old-timers" match their skills with younger men.

Among the contest events were corn husking and gang plowing. The local women also viewed the process of making apple cider and apple butter, toured an Amish home and visited the famous Rockmore Gardens.

Thirty members took part in a bus trip last month to Sullivan, Ill., where they viewed Janis Paige in "Company" at the Little Theatre on the Square. The trip was a project of the committee.

Plan New Courses The Personal Development Committee also will sponsor "Individual Development Course I and II," geared to beginner and advanced students. The series enables members to

learn to write and deliver their own speeches and evaluate themselves and their leadership potential, Miss Smith explained.

At the end of the courses, a "Speak-Off" is conducted, with the top contestants selected to compete at district, state and national level.

The committee also will assist the Foundation Committee to choose individuals to receive scholarships through the newly formed Scholarship Foundation program of the BPW Club.

Persons interested in participating in future classes or in special events are invited to contact Miss Smith at 631-6358, after 5:30 p.m., for additional information.

Among those at the program reviewing meeting were Mesdames Ruth Milhouser, Madonna Groshong, Verna Lengyel, Lil Marzluft, Lorene Sadrakula, Pauline Weir, BPW president and Misses Frances Lynch and Margie Heister.

Two young people were special guests of the Minerva Women's Club at the group's October meeting held in the home of Mrs. Jack Solberger, 284 Westchester Drive. Mrs. Charles Weiss was in charge and welcomed the members and guests.

A musical interlude was presented by Gerry Pinkerton, the recipient of a music camp grant from the club, who attended a session at the University of Illinois during the summer months. The student musician played "Our Love Affair" on the violin and "Green-eleaves" on the viola.

The second guest was Phyllis Barnes, who took part in a camp project for handicapped girls in Amarillo, Tex. A \$100 grant helped to defray her expenses at the camp.

The activity, an international camp, had Girl Scouts from many sections of the United States serving as counselors, Miss Barnes explained. She showed slides and described the interesting programs arranged for the youthful participants.

Plans were made by the club members for the annual "Hobby

Problem of Derelict Cars Under Attack

Copley News Service
Springfield—Just about every body has known for some time that the shiny new automobile which looks so great as it rolls from the dealer's lot looks a lot less attractive when it sits a dented and rusty derelict, abandoned at the curb or along the road.

What nobody has known for sure was what to do about it. Salvage dealers aren't interested usually in individual cars, junk yards are filled to overflowing, and someone who has abandoned his car and filed off the motor number so he can't be traced, isn't likely to pay a tow bill for it.

Now, the Institute for Environmental Quality is taking a look — or rather two separate looks — at what can be done to get the Detroit debris out of the Illinois scenery.

Larry Hardin, environmental scientist on the IEQ staff, says that studies have shown that Illinois actually has a pretty good system for recycling cars once they get into the process. Getting them there is where the problems start.

Disposal Methods
Several methods of disposing of the vehicles are available, Hardin said, all starting basically the same way.

The motor, electric system, battery, seats and such are stripped. Some of these may also be recycled or otherwise processed for salvageable contents.

The shell that remains then goes to a scrap processor where it may be compressed into a bale the size of a card table, compressed into a "log" which is then cut into "slices" which are sent to a steel mill, or best of all, shredded.

This most modern and most efficient method reduces the vehicle to flat-sized chunks of metal which are magnetically separated for various metal contents, Hardin said.

Currently there are shredders, which cost about \$3 million to build, in the Chicago, Peoria and Granite City areas. Since a 100-mile circle drawn with each of these cities as its center will just about cover the state, Hardin said, it should be feasible to crunch or shred every old auto in Illinois.

Conversion Process
The problem, he says, is to get the car into the conversion process in the first place.

One report which IEQ commissioned and which has now been given to a 21-member solid waste disposal task force suggests various ways to get just that, from the method used in Chicago, where a special police branch deals with nothing else, to a voluntary local collection campaign, to changes in the laws which will make it easier to get "junking titles" to vehicles less than seven years old.

In Champaign, Hardin said, people turn old cars, and the titles, over to the city which collects them for about six months. When they have about 200, it is worthwhile for a portable crusher operator to move into the area and dispose of the cars.

One additional problem is a change in steel making methods which is affecting the market for junk steel. Old open hearth furnaces used a lot of scrap, but the steel industry is now switching to a basic oxygen method which uses none. However, the number of small electric furnaces for making specialized castings are increasing, he said, and these use nothing but scrap.

Saving of 40%
The second study of IEQ com-

missioned on the problem dealt with whether the junked cars should be recycled now, or stored to be "mined" for their contents in the future. The question really was whether the effort justified the use of energy required, he said, and that study, just finished, shows there is an energy saving of up to 40% when cars are made using recycled material.

Means of financing ways to get cars and processors together are also covered in the task force's study. Some methods include collecting a fee when a new car is sold, which is returned when the old car is turned in, or collecting a fee added to cost of annual licenses, but these amount to new "taxes" and wouldn't be popular. "Besides most old cars are owned by poor people, and poor people have enough problems now. They don't need new ones," Hardin said.

Back at Homeport
Navy Petty Officer Third Class Gary L. Woods, son of Mr. and Mrs. Richard L. Woods, and husband of Mrs. Linda M. Woods, all of 431 Lincoln Ave., Venice, has returned to his homeport at Alameda, Calif., from a Western Pacific deployment aboard the aircraft carrier USS Hancock. He is a 1968 graduate of Venice High School.

LAWN MOWER STOLEN
Everett Cottrell, 2828 Sunset Drive, reported this week that a lawn mower valued at \$25 was stolen from the driveway at his home.

Richard Keating Heads Piassa Palisades Unit
Richard Keating, associate professor of biological science at Southern Illinois University at Edwardsville, is chairman of the newly-formed Piassa Palisades group of the Sierra Club. Dorothy Gore, associate professor of earth sciences, is a member of the board.

Membership in the Piassa Palisades group is open to those living in Bond, Calhoun, Clinton, Greene, Jersey, Macopin, Madison Montgomery, Monroe, Madison Montgomery, Monroe, Randolph, St. Clair and Washington counties, Keating said.

The group meets at 7:30 p.m. at the First Presbyterian Church in Alton on the second Monday of each month. Keating, who joined the SIUE faculty in 1966, received his A.B. degree in botany from College University and his M.S. and Ph.D. degrees in plant morphology and anatomy from the University of Cincinnati.

REMOVE BATTERY
Thieves removed a battery, valued at \$25, from an auto belonging to Marvin Thomas, 2342 Woodlawn Ave., while the car was parked in the driveway at his home, the owner reported during the weekend.

Merit Awards To Be Made at Scout Dinner

The annual Uniwah District (Quad-Cities) Boy Scout dinner meeting will be held today at 6:30 p.m. in the St. Elizabeth School dining room, 2300 Pontoon Road.

William L. Beatty, judge of the Third Judicial Circuit, will be the speaker. The program will include the presentation of the District Award of Merit to seven local Scouters, installation of new district officers and reports by chairmen of the district committees.

COLLIDE ON LOT
An auto operated by Roger Peppers of Edwardsville and a station wagon, whose driver left the scene, collided in the Bellevue Village parking lot during the weekend.

HITS PARKED TRUCK
A parked pickup truck owned by Herb Johnston, 3145 Felling Road, was struck by an auto operated by Susan Chanda, 2713 Ralph St., which skidded on wet pavement during the weekend.

Leon Konzen, district chairman, will act as master-of-ceremonies.

Fabric Finish Important To Its Particular Use

By CATHERINE MAUCK
Madison County
Extension Adviser

Fabric finishes play an important role in determining the satisfaction you receive from the clothing you make or buy. A fabric finish is any treatment that is given to the cloth to change the way it looks or acts. Fabric finishing usually starts when the cloth comes from the loom or knitting machine. In that state, the fabric usually is called "gray goods."

By using several finishing processes or techniques, the manufacturer can change the gray goods into the beautiful, serviceable fabric awaiting you in dress and fabric shops. Some finishes such as dyeing or napping can be readily seen or felt. Others, such as water repellency, are difficult to detect. Most often you must rely on labels for information about the finish of a garment fabric. To understand the information on the label you need to know what to expect from certain finishes. The three general classes of fabric finishes are

non-durable, durable and permanent. Some finishes are removed during the first washing or dry-cleaning. Sometimes they can be replaced at home or commercially. These finishes are called non-durable or renewable. Durable Goods

Finishes that last through many washings or drycleanings are described as durable. Durable finishes tend to lose some of their effectiveness each time they are cleaned or laundered. Some durable finishes are effective much longer than others. However, by carefully following the manufacturer's instructions for use an care, you can prolong the life of the durable finish.

Permanent finishes are effective and remain unchanged by washing or drycleaning throughout the life of the fabric. Though the law requires manufacturers to label each textile product according to fiber content, it does not require them to tell the finishes they use. However, manufacturers often provide this information if you know where to look for it. You might check labels and hangtags on garments, the printed information on bolts of material and the information on the selvage edge of the fabric for facts about the finishes applied to the fabric.

Here are some guidelines for evaluating the usefulness of a particular finish:
—What type finish do I need?
—How durable will it be?
—If it is non-durable, can it be renewed?
—Is the cost increased because of the finish?
—If so, are the benefits gained worth the added expense.

When laundering, sort clothes to separate items that could in some way damage other garments in the wash. Some points to consider when sorting clothes are: color, type of fabric, garment construction, amount and kind of soil and size of item.

Water Hardness
Water that contains "hardness" minerals, calcium and magnesium, is known as hard water. If you are uncertain that your water is hard, check for a ring around the bathtub or sink when the water is drained and a crusty appearance on plumbing fixtures. These are all signs of hard water.

Clothes washed in hard water may look gray or dull and may become rather stiff. To prevent these problems, add some extra detergent to the wash water. Detergents contain special ingredients that tie-up the hardness minerals so that the rest of the detergent ingredients can then work more effectively.

Compliments Of A Friend

Both Parties Nervous About State Election

By KEN WATSON
Copy News Service

Springfield — A "distinct sense of uneasiness has crept into the Illinois political campaign."

It reflects the Republicans' anxiety, but Democrats are not immune.

To a large extent, the Illinois situation reflects the anxiety across the nation. But this state is regarded as especially sensitive to election moods, since no candidate for President since 1916 has won without carrying Illinois.

Privately, Statehouse professionals, Democrats as well as Republicans, profess to be more puzzled about the political outlook than for any previous campaign in many years.

Major reasons cited include:

Record voter registrations in most areas of Illinois, including a higher than expected percentage among the new 18-21 age group.

At the same time, an outstanding degree of voter apathy toward the candidates and issues.

An unprecedented number of persons who tell pollsters and others that they intend to vote on election day, but haven't decided for whom.

A continuing and increasing indication that in Illinois, at least, split-ticket voting will be at an all-time high.

Signs of growing underdog sentiment for George McGovern.

What puzzles state professionals is who is going to be helped or hurt by all this.

Sen. Vadalabene Wins 3 Re-Election Endorsements

Senator Sam M. Vadalabene has received three important organizational endorsements for re-election to the State Senate from the 98th District.

The Illinois AFL-CIO, the Illinois Dentists Association, and the Illinois Education Association have all given their support to Vadalabene.

"I fully recognize the importance of having them working behind me," Vadalabene said. "Over the years, I have been particularly proud of my Four Flag voting record in the General Assembly."

"I have tried to serve the interests of everyone in my district, and I recognize how important it is to protect the interests of the laboring man. To have a group of dedicated professionals like the

dentists of our state behind me is very encouraging," Vadalabene continued. "We are all very proud of the new Dental School that has just begun operation in our community at SIU-Edwardsville. The prospects for the future for this profession are particularly bright."

"Finally, I have been gratified to see that the Illinois Education Association has recognized that I have made education one of my highest priorities in the Senate," Vadalabene concluded.

"Over the years, I have observed how valuable a resource a fine educational system can be. These have been years of crisis, but I have done my best to see that all our schools, on every level, have gotten their full measure of state support."

Trimpe to Nominate Outstanding Teacher

The office of State School Superintendent Michael J. Trimpe has initiated a search for teachers with outstanding talent for inspiring the love of learning in children.

The search, being conducted with the help of Supt. Wilbur Trimpe and other superintendents of educational service regions in the state, is the first step toward selecting the "Illinois teacher of the year."

The teacher chosen for that award also will be Illinois' candidate for the 1973 national teacher of the year award. Both contests are designed to "recognize the contributions of the classroom teacher."

Bakus invited the regional superintendents to submit nominations for the state teacher honor by Nov. 3.

The award winner will be announced by Nov. 10 following an evaluation of the candidates by a selection committee representing students, state education organizations and the Illinois Office of Public Instruction.

Last year's teacher of the year in Illinois was Mrs. Aline Travelstead, a ninth grade algebra teacher at Marion Junior High School.

Nominees for the honor, according to guidelines established for the contest, should be skilled and dedicated teachers of pre-kindergarten through

Nixon Headquarters To Open Here Saturday

A "Nixon for President" headquarters will be opened in person at 2 p.m. Saturday at 1940 State St. by the Citizens for Nixon organization. It was announced today by Mrs. Jane Reese, coordinator for the group.

The headquarters will be open from 10 a.m. to 5 p.m. Monday through Saturday. Ben Allen, East Alton, is chairman of the citizens group.

ELECTRIC DRILL STOLEN

An electric drill was stolen from a house trailer parked in the back yard at the home of Nelson Dunlap, 1839 Grand Ave. The theft was discovered during the weekend. Two boys, 12 and 15, were reported to be juvenile officer this week in connection with the theft.

grade 12 classes at state-approved or accredited schools. They should be persons who play active and useful roles in their communities.

The Illinois teacher of the year will qualify for consideration as the nation's most outstanding teacher. The national award, co-sponsored by the Council of Chief of State School Officers, will be decided in mid-February.

Illinois teachers have won the national award twice—1968 and 1954—since the contest was started in 1953.

Revival Services Next Week at First Baptist

The Rev. J. D. McCarty, pastor of First Baptist Church of St. Johns in St. Louis, will conduct revival services next week at First Baptist Church, Fifth Street and Alton Avenue, Madison.

Services will begin each night at 7:30, beginning Sunday.

Rev. McCarty has served as pastor of churches in Anna, Harrisburg and Marion in Illinois and Azle, Tex., prior to coming to St. Louis in 1970. He served as an exchange pastor in Hawick, Scotland, and has toured England, France, Italy, Holland, and the Holy Land.

He received his bachelor's degree from Southern Illinois University at Carbondale and his master's degree from Southwestern Baptist Theological Seminary in Fort Worth, Tex.

Special music will be provided for each night's service. Sunday night Frank Eaves and Mary Livesey of Bridgeton, Mo., will provide music and Monday night the Windo's group will sing directed by David Richardson of Third Baptist Church in Granite City.

The choir of Rev. McCarty's church will sing Tuesday night, and Wednesday the Brother and sister duo of Robert and Carolyn Lentsch from Fairview Heights will provide inspirational music.

Robert McCormick in United Fund Appeal

Robert McCormick, director of AFL-CIO Community Services, Tri-Cities Area United Fund, made a personal appeal to all people of the community this week, McCormick said.

"Give—it's a great feeling. It adequately expresses what each one of us can receive from our 'Fair Share' contribution to the United Fund."

"Each dollar you contribute provides you with a choice of 19 ways of solving personal, family and community problems in a most effective manner."

"Each dollar provides safe, constructive facilities in which children can play, learn and grow... provides personal care and rehabilitation for the elderly, handicapped, emotionally disturbed... provides home nursing, family counselling, youth guidance."

"Nowhere can you buy more personal satisfaction in having improved life for so many people in so direct a way. Each day, in many ways, you see the accomplishments of your contribution."

"Each day you see your community improving through your generosity. The people who receive these important services as well as the people who render these important services, are your friends, relatives and neighbors."

"The goal is \$413,681—that's a lot to ask for, but it's a lot that the United Fund is doing. Let's face it, the United Fund is one of the biggest success stories around. Take a good look at United Fund's accomplishments."

"It is a method for helping people who are working right now because of concerned citizens who care for their fellow man. The United Fund offers you one way of doing something personal, however small, to change things and the great feeling of knowing you made a difference."

Road, Recreation and Job Progress Aiding Downstate

By GOVERNOR RICHARD B. OGILVIE

Those of us who are 30 or more have passed through one of the great revolutions of the ages.

In our lifetime, the greatest mass migration in our history has occurred as millions of persons left farms and small towns to go to the cities.

The migration was the result of the revolution, not the cause. The cause was technology — roads, electric power, and farm machinery that displaced human hands.

Like all revolutions, this one had its "victims"—those forced to the cities in search of jobs, and those who chose to remain behind.

Ever fewer in number — and older—those who remained see vital services like health care diminishing every year, heavy property taxes that cannot support needed government services, and fewer of the goods and services which are needed for a pleasant life.

The problems of scant population unable to support a good way of life are prevalent throughout Illinois.

In the past decade, for example, 49 of the 102 counties of Illinois lost population, leaving some of the most tranquil and beautiful areas of our state even more sparsely settled than before.

Until and unless we reverse this trend, the migration must continue, adding even greater burdens to the problems of the cities.

I am excited and definitely hopeful that state government can provide the leadership needed to rebuild our shattered rural areas.

Listen to Leroy V. Hard, member of the Monroe County Planning Commission and manager of the county's electric cooperative.

"If there are job opportunities, the migration will stop. The new generation reads every day in the papers about what life is becoming in the cities. Young people don't want

to leave any more. But they can't stay if jobs are scarce or offer no future."

Mr. Hard and others concerned with rural development know there will be no easy solutions, because each single problem is part of a related problem.

Attracting industry to these areas, for example, in turn requires precisely the water and sewer systems, skilled workers and doctors and dentists the areas lack.

So it's not a question of which came first, the chicken or the egg. It's more a question of how to go into the chicken business when you have neither the chicken nor the egg.

I won't predict we've turned the corner in licking the problem. But we have made a good start.

—Illinois has built and improved more roads in the past few years than ever before — the only period of similar impact was in the 1920s.

These roads are the lifelines of rural areas. Without them, there would be no future whatsoever for the little towns that try to serve farm areas.

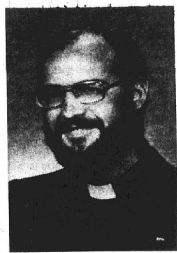

Tourism has increased rapidly, bringing dollars and new job opportunities, while the development of great new lakes throughout Southern Illinois holds the promise of a virtual explosion in the number of tourists and recreation seekers.

—New plants are going downstate instead of to the big cities — 40 of 51 new plants went to smaller communities in the past three years.

—State services to small towns — and state financial help — have expanded enormously, while the federal government's help will increase swiftly through the Rural Development Act the President signed recently.

—Regional medical and dental schools are being established, and together with our new Illinois Trauma System for the

critically injured, will greatly increase available medical care.

In all, I have identified 12 diverse approaches to the problem in which state government can provide great leadership.

Mr. Hard and I don't pose as experts, but he put his finger on another aspect of our current life that is hopeful. He puts it this way:

"We've overemphasized the importance of a college education.

"People who are good with their hands should have a chance for vocational education. There are simply too darn many English majors and too few good auto mechanics."

I agree, and so does industry. At one junior college I know, trainees in auto mechanics are being lured away in the middle of their courses by the local auto agencies.

Soon I hope we can say: "Stop the revolution. I want to get off."

SIUUE Unit to Advise On Overseas Studies

Students at Southern Illinois University at Edwardsville considering graduate study overseas can obtain advisement from the Graduate School.

Sally Page of the SIUE Graduate School staff recently attended a workshop in Detroit sponsored by Wayne State University and the Institute for International Education, the agency responsible for U. S. Study abroad programs.

Previously such advisement was handled at SIUE by the International Services Division, but with that unit dissolved as part of economy moves by the University, the responsibility has been given to the Graduate School.

Miss Page said the Graduate School is building a resource library for students and is in touch with faculty members who have studied and performed research in foreign countries.

"A student planning to study abroad under the Fulbright-Hays program for students and is in touch with faculty members who have studied and performed research in foreign countries."

It is necessary to make sure the University will accept course credit earned abroad and it's necessary to work with a faculty advisor who can help design a research or study project that meets various criteria."

Miss Page said aims of overseas study programs generally include mastery of a foreign language, specialized study relating to a student's academic major, broadening of a student's personal experience and an increase in international understanding.

Gonorrhea—A Disease or Just a Dirty Word

To many people, gonorrhea has been only a repugnant word, not a disease. They've always thought of gonorrhea as something other people catch. Not so.

Whatever the man or woman in the street thinks about this social problem — some call it "sex pollution" — government authorities say that gonorrhea is more common than strep throat. In fact, more common than any communicable disease except the common cold.

Thanks largely to the recent on youth and its new-found independence, gonorrhea is the "Swinging Sixties," more than two million Americans a year are contracting the disease. That means a new case every 15 seconds, four per minute, 240 per hour, 5,760 per day.

Officials at the Center for Disease Control in Atlanta describe the situation as pandemic, meaning that gonorrhea is at the stage of a massive, world-wide epidemic.

In the 12 months ended June 1971, the CDC reported 624,673 cases of gonorrhea—an increase of nearly nine per cent over the previous 12 months. These staggering statistics are only tip of the iceberg. Hundreds of thousands of cases are not reported to public health authorities.

Most of the victims are young people. The incidence of gonorrhea is highest in the 20 to 24 age group (more than 1,400 per 100,000 population) and the average rate of about 300 per 100,000 for all age groups.

The most rapid rate of increase—about 20 per cent per year—is taking place in an even younger group, boys and girls 15 to 19.

Many factors, social and medical, are responsible for the high incidence of gonorrhea—reduced attitudes toward sex in the church, the family, and the public generally; changes in sexual behavior and contraceptive practices. Reliance on the "Pill" in place of the condom has had some measure of protection against the disease.

Here are some of the medical problems:

1. About 10 per cent of the women and approximately 10 per cent of the men who have gonorrhea do not have symptoms and so do not seek treatment. Yet their can—and do—spread the disease to their sexual partners. Moreover, a patient who is cured can easily become reinfected.

2. There is no routine "blood test" for gonorrhea. There are reliable methods for detecting the disease, but—as a rule—only those patients who suspect they have gonorrhea apply for a test. This means that most of those with no symptoms go undetected.

3. Since the early post-war years, penicillin has been used to cure millions of gonorrhea victims, but today it is necessary to use much larger doses than in the beginning. There are two other problems with penicillin: a) A number of patients are allergic to it; b) some strains of the gonorrhea organism are relatively resistant.

Still, there are some encouraging developments. Last year, for example, a new antibiotic, Tetracycline (trade name, Tetracycline), was marketed by The Upjohn Company, a leading pharmaceutical firm, exclusively for treatment of gonorrhea. One injection of Tetracycline produced cures in about 90 per cent of the patients treated in clinical trials, some of whom had not responded to other antibiotics.

Fewer Sudden Infant Deaths in Madison County Than St Clair

Three-fourths of the cases of SIDS (Sudden Infant Death Syndrome) occur during the first 20 weeks of the infant's life, a Southern Illinois University survey of Illinois cases indicates.

Heleen Lindsey Fisher, who received her master's degree at SIUE in Carbondale Sept. 1, made an intensive study of sudden infant deaths of unknown cause that occurred in Illinois during the 12-month period of March 1, 1971, through Feb. 28, 1972, as her graduate thesis research in the department of child and family, School of Home Economics.

SIDS, she explained, "is defined as the sudden and unexpected death of an infant in whom no lethal lesions are found at autopsy." Such deaths, she added, take the lives of an estimated 10,000 children annually in the U.S. during the first year of their lives.

With the cooperation of the Illinois Department of Public Health, Mrs. Fisher compiled vital statistics on the deaths of several hundred possible SIDS victims.

Since various coroners and/or attending physicians may classify the sudden death under different categories, she had the list screened by an able pediatrician, obtaining 150 cases for analysis.

From these cases she found: The highest incidence occurred in St. Clair, Lake, Kane and Winnebago counties;

Contrary to trends reported in earlier studies, 76.7% of the victims were white, and only 23.3% black;

68.7% of the victims were

male, and 41.3% female;
77.3% died between three and 20 weeks after birth, and 22.7% between 21 and 52 weeks;

56.7% of the deaths occurred between the first 12 months October through March. One of her objectives was to obtain information from each infant's family on the child's environment, inherited characteristics (allergies, heart disease, birth defects), birth weight, sleeping habits and time of death.

Of the 150 questionnaires sent to parents, 94 were returned. She was not surprised at this low rate of return, however, since the loss of a child is known to cause severe emotional disturbances, and one reaction is often an impulse to move away, she said.

Her study of the 64 questionnaires revealed that: 70.3% of the infants had a birth weight of 5.5 pounds or less;

70.3% of the mothers were 24 years of age or younger;

45.3% of the deaths occurred between midnight and 6 a.m., 25% between 6 a.m. and noon, 20.3% between noon and 6 p.m. and only 10.3% between 6 p.m. and midnight.

The previous general trend has indicated a higher occurrence of SIDS among the impoverished, regardless of race, Mrs. Fisher noted.

But her survey showed that 51.6% of the families who responded to the questionnaire had an income of \$5,000 or more per year.

She pointed out, however, that perhaps a large majority of those who did not respond to the questionnaire may be in the infant's family on the child's environment, inherited characteristics (allergies, heart disease, birth defects), birth weight, sleeping habits and time of death.

Since this type of analysis has been used rarely in previous studies, she said, both she and certain officials of the Department of Public Health hope it may be useful for larger and more comprehensive studies.

Her thesis is entitled "The Relationship of Selected Demographic, Inherited and Environmental Factors to Sudden Infant Death Syndrome."

Formerly of Pomona, Mrs. Fisher earned her bachelor's degree in special education at SIU in 1968.

McGovern Election To Be Debate Topic

"Resolved: That George McGovern should be elected President of the United States" will be the topic of a debate scheduled today by the Forensic Union of Southern Illinois University at Edwardsville.

The Oxford Union format will be used in the debate at 3:30 p.m. in the Mississippi-Illinois Room of the University Center. Jeff Burns, SIUE junior from O'Fallon and member of the Forensic Union, said two debaters will give seven-minute presentations for the resolution and two others will give seven-minute presentations opposing it.

The audience then will debate the resolution for 60 minutes. Burns said. The audience will be divided by a center aisle, with audience members allowed to cross over during the debate. After the audience time expires, each debating team will give a three-minute summation, with the audience voting at the end for the winners.

FALL POW-WOW. Jack Cormier, chief of the YMCA Indian Guides Navajo tribe, and his son Jamie display an invitational poster for the annual organizational Pow-Wow of Indian Guides and Princesses at 7 p.m. Tuesday at St. John United Church of Christ. The program is for fathers and their kindergarten or first-grade boys and girls.

Indian Guide, Princess Tribes Planned at 'Y'

The annual Fall Pow-Wow for organizing new father-son "Y" Indian Guide tribes and father-daughter "Y" Indian Princess tribes will be held at 7 p.m. Tuesday at St. John United Church of Christ, 2901 Namooki Road.

All fathers who have sons or daughters in kindergarten or first grade in public or parochial schools in Granite City are invited to bring their child to the meeting.

The home-centered YMCA groups have been sponsored by the YMCA since the 1920's and claim to be the largest and fastest growing father-child program in the country.

The primary purpose is to multiply the number of things

that fathers and their children can do together, "Y" officials said. Based upon the lore of the American Indian, emphasis is placed on the father-child relationship as it centers around the home.

Six to nine couples represent a tribe. Activities are based on the age level of the child with no emphasis on skills or achievement. Activities such as camping, field trips, swimming and easy craft projects are planned by the individual tribes.

Those unable to attend the informal meeting but are interested in receiving details about the program may call the YMCA at 876-7200.

James Schmidt, 48, Found Dead in Car

James O. Schmidt Sr., 48, of 1001 Greenwood St., Madison, was pronounced dead in the front seat of his car in a garage he rented at 203 Edwardsville Road, Madison, at 8:30 a.m. Tuesday.

He had been missing since Saturday. Police said the garage door had been closed and the auto engine apparently had been operating until the car ran out of gasoline. The windows of the vehicle were rolled down.

He was declared dead on the scene by Madison County Deputy Coroner Edward Werner. A coroner's inquest is pending.

Mr. Schmidt reportedly had been under a doctor's care since he was injured in a railroad accident. Madison police were notified at 8:15 p.m. Tuesday by Mr. Schmidt's son, James O. Schmidt Jr., who said he had found his father without signs of life.

Mr. Schmidt was born in St. Louis and resided in Madison 15 years. He formerly lived in Granite City. He was a carman for the Terminal Railroad Association 24 years.

Surviving are his widow, Mrs. Shirley Schmidt, four sons, Thomas P., Allen B. and James O. Schmidt Jr. of Madison, and David J. Schmidt of Granite City; two daughters, Mrs. Judy C. Bryant of Washington Park and Mrs. Larry (Mary K.) Dew of Granite City, and eight grandchildren.

Funeral arrangements may be found in today's obituary column.

The hostess, Mrs. Harper, served refreshments to Mesdames Lea Anderson, Elizabeth Adams, Edna Barron, Ethel Getteman, Mabel Kennerly, Judy Kopchak, Corinne Kreher, JoAnn Mikalouk, Evelyn Ringering, Priscilla Young, Robbie Wilson and Edna Bennett.

Mr. and Mrs. Loyd Kollenburn of Pontoon Beach have returned home from Kansas City, where they visited relatives.

PRESENTS STOLEN CHECK

A young man attempted to cash a stolen \$163 check at Schermer Brothers Market in Madison at 12:35 p.m. Monday. When a clerk called the Creve Coeur, Mo., realty agency which issued the check, the man ran from the store.

Tax Savings in Some Cases with Separate Return

The husband and wife who file a joint federal income tax return could be paying more tax than necessary if both are employed, according to the Illinois State Bar Association.

For that reason, "the ISBA says, now is a good time for couples to take a look at their income situation with a view to possibly filing separate returns, if it means they will be taxed at a lower rate."

Normally, the bar group points out, any savings will be on the side of the joint return if one spouse earns substantially more than the other. Thus, it says, if a husband or wife individually accounts for more than 65% of the family income, it is usually advisable to file a joint return.

Since the income tax is on a graduated scale, if the person who earns a larger amount or all of the family income files a separate return, that person is taxed at a higher rate than he or she would be filing jointly. In this situation, a joint return has the effect of dividing income between husband and wife with the result that they are taxed at a lower rate.

However, if a husband and wife earn about the same amount, and their combined income is between \$7,000 and \$20,000, the ISBA says, filing separate returns can be advantageous, tax-wise.

The only way to determine whether a saving can be realized, however, is to actually compute the tax return both ways, as though filing jointly and as filing separately, using whatever exemptions are available.

Interestingly enough, according to the ISBA, if a husband and wife file separate returns, they may — anytime within three years of the date of their returns — change their decision and file a joint return for the same year and collect any difference in the tax in their favor.

However, once they file a joint return for a certain year, that's final and they cannot later file separate returns for the same period. Couples should take a look at their income situation each year to decide whether to file jointly or separately, since the decision is entirely theirs and should be made in the light of the tax consequences, the ISBA said.

MADISON MAN ROBBED

Albert Harrell, 906 Jefferson St., Madison, reported at 8:30 p.m. Monday that four or five youths strongarmed him in an alley behind 920 Jefferson St., Madison, and took his wallet and \$102. The billfold was found by Madison police one-half block away. Harrell said the youths were between the ages of 15 and 18.

Hospital Workers Taught Fire Prevention Tactics

By WALTER STRANGE
Press-Record Staff Writer

What three things are necessary to start a fire? In which direction does fire always travel? What doors are most hazardous in spreading fires, if left open?

Employees in all departments of St. Elizabeth Hospital know the answer to these questions and many others in addition to the use of several types of fire-fighting equipment.

Although this week, through Friday, is National Fire Prevention Week, employees of the hospital here are well-versed in the year-round on fire prevention, safety and evacuation procedures, according to B. T. Pinney, director of Safety and Security for the hospital.

To add emphasis to the importance of safety in the hospital, Pinney said he has arranged a series of special educational events related to fire prevention.

The Granite City Fire Department demonstrated Tuesday to employees from all departments on both morning and afternoon shifts, the proper use of various types of fire extinguishers.

Extinguish Fires

Several firemen under the leadership of Capt. Robert Nunn, administrative assistant to the fire chief, and Capt. Leonard Wilson started fires and had hospital personnel extinguish them.

Emphasis was put on just what type of extinguishers to use. It was pointed out that soda and acid extinguishers may be used on all fires except electrical, when a CO2 extinguisher is needed.

In addition to the fire department demonstrations and instruction, fire drills will be held during the week on all hospital shifts at unannounced times.

Other fire activities at the hospital this week directed at safety and fire prevention will include training movies and slides.

In a move to call attention to fire prevention week, and safety in general, the hospital's daily bulletin, "The Grape

Vine" which normally is printed on white paper, is being printed this week on red paper.

"There are 273 patients who place their lives in our hands and the entire hospital staff from our director on down takes their safety and security very seriously. That is why we have an in-service training program in these areas 52 weeks a year," Pinney said.

According to Chief Earl Fronabarger of the Granite City Fire Department, local firemen are visiting all area schools during the week to emphasize the importance of fire safety and to hold surprise fire drills.

Acupuncture Is Still An Unknown Quantity

By IRWIN J. POLK, M.D.
Copley News Service

My nurse looked at me mischievously. "Next you're to see Mr. Lee in Room 2." I entered the room behind the patients' chairs and saw two figures there. Mr. Lee and another in the chair next to him. The second figure turned out to be a doll about 4 feet tall, standing on its pedestal on the chair. The doll was a nude human figure with dots running up and down the entire body. The dots were connected by a series of lines. I asked Mr. Lee what the doll was all about. "That's my acupuncture doll," he said proudly. "I'm taking a course in acupuncture. Can you help me with it?"

I don't know much about acupuncture and said so. Then Mr. Lee handed me a book. "This book tells all about the way to do it," he said. "According to the book, the body organs are divided into two groups. "Diseases are caused by imbalance between the groups. Life energy flows from organ to organ along the lines drawn on the doll."

"If the patient is sick, that is because his life forces are not flowing properly. We apply needles into the skin at special points to balance the flow of the life forces and cure the disease. It's really very simple."

Use Gold Needles
"Now, doctor, here's where you come in. I have had a sinus problem for some years now and I'm sure acupuncture will help. According to the book, if you put these gold needles into this place on my palms, my sinus trouble will get better. Can you do that for me? It's all here in the book."

I noticed that the book was in Chinese, so I asked, "Suppose something goes wrong while I'm doing this? What do I do then, especially if you pass out and can't read the next instructions to me from the Chinese acupuncture manual?"

"Well," said Mr. Lee, "no reason for you to worry about that." There's plenty of reason for me to worry about that. If there's anything I don't need, it's a patient lying unconscious in my treatment room with golden wires in his palms, or his chest or his head. I said that to Mr. Lee.

"That's the trouble with you Western physicians; you're never willing to try anything new."

Considered a Genius
I've known Chang San Lee for many years. He's an electrical engineer, trained in Hong Kong and Harvard and considered by many to be a genius in his field.

Why should he go overboard about an unknown aspect of medicine? So far as is known, there is no way that Western medicine can explain the success of acupuncture in relieving pain. There is no evidence that acupuncture cures diseases.

Yet people flocked by the hundreds to the Acupuncture Center of New York before it was quickly closed by the state government because it was not fulfilling the laws about medical treatment.

Even our National Institutes of Health have shown interest in acupuncture. They recently announced a commitment to study the use of acupuncture for anesthesia and for relieving pain.

Health fads come and go. There have been health spas from the time of the Romans, healing waters until today. Food fads have come and gone and come again.

The sauna is still with us, and Serutan, and chiropractic, and high doses of vitamin C, and copper bracelets. There's no end to what people will do while trying to find an easy way to stay well.

I gave the doll and book back to Mr. Lee. There's still not enough known about acupuncture in the West for me to risk anyone's health with it. But I kept the golden needles — just in case.

Ogilvie Releases Funds for Waste Water Treatment

Three checks totaling nearly \$700,000 for waste water treatment projects in three Illinois communities were released during the weekend by Gov. Richard B. Ogilvie.

State aid payments for sewage treatment facilities improvements were made to the city of Collinsville, the Sanitary District of Decatur and the Hinsdale Sanitary District.

"More than \$25 million in state grants have been paid to municipalities for waste water treatment," Gov. Ogilvie said. "These grant funds have gone to communities large and small in a massive effort to upgrade water quality throughout Illinois."

Granite City PRESS-RECORD
Thurs., Oct. 12, 1972 Page 35

Friday's checks represent partial payments of the state's 25% share of eligible costs for the projects, according to William L. Blaser, director of the Illinois Environmental Protection Agency. EPA administers the grant program.

The state funds will assist in projects with a total estimated value of \$2,674,640. Of grant offers totaling \$4,739,485 for the three projects, the state has now paid 80% of its pledge.

The checks raise the total state aid paid out under the 1970 Anti-Pollution Bond Act to \$25,884,994.

Checks were issued to: City of Collinsville, \$327,100; Sanitary District of Decatur, \$113,498; and Hinsdale Sanitary District, \$347,400.

Musical Sunday to Aid Mental Health Programs

A musical benefit sponsored by the Madison County Association for Mental Health will be presented Sunday from 7 to 9 p.m. in Meridian Hall at Southern University Illinois at Edwardsville.

Tickets cost \$2 each and the proceeds will be used by the association to fund its programs and services to help the emotionally disturbed and the mentally ill in Madison County.

Star of the program is Marty Bronson of St. Louis, who, among other appearances, has been on local and national television. He has been the singing host of "The Noon Show" on KSD television. Nationally, he has been a guest on the "Johnny Carson Tonight Show."

The remainder of this show constitutes "a mixed bag designed to appeal to a large audience of varying tastes," according to Richard Carter, chairman of the Mental Health Association's fund-raising committee.

Other headliners are from the Madison County area. They include rock groups — "The Bizarro" and "Throw Money" — in Meridian Hall at Edwardsville, traditional folk singer Alan Thatcher of Edwardsville, and contemporary folk singer-warrior Warren Snodgrass of Rosewood Heights.

"The Bizarro" is composed of Mike Fredrickson of Wood River, Larry Vandiver of East Alton, and Scott Santy of Wood River. The "Throw Money" consists of three youths from Edwardsville, Edie Eckert, Tom Werner and Mark Eilers.

Tickets are available at the association office at 103 E. Vandavia, Edwardsville, telephone 1-466-1123.

Tickets may be purchased also at the University Center of SIUE and from representatives of the Student Council of Edwardsville High School. Tickets also will be available at the door.

Services Held for Robert Clark, 42

Funeral services were held Monday in Evansville, Ind., for Robert "Bob" M. Clark, 42, of Evansville, a former Granite City resident.

Mr. Clark died suddenly at 11:30 a.m. Friday of an apparent heart attack while at work as an inspector for the Andy Easley Engineers of Evansville. He was born in Granite City of Oxnard, Calif., and several times was educated in the public schools here, graduating from Granite City High School in 1951. He lived here until moving to Evansville 13 years ago.

At Evansville, he was a Democratic precinct committeeman and was president of the Evansville Men's Democratic Club. He also was on the board of trustees of the Owl's Lodge and was a member of the Haymakers' Association and the Woodmen of the World.

Surviving are his wife, Agnes; three sons, Douglas, Artie and Charles Clark, all at home; his parents, Mr. and Mrs. Artie Clark of Granite City; a brother, Gary Clark of Muskegon, Mich.; two sisters, Mrs. Edward (Rosalie) Perigen and Mrs. Donald (Ruth) Gann, both in Evansville, and several nieces and nephews.

No Popularity Seen in Cigarette Smoke, Art Told

By PAT and MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:
There is nothing like a reformed cigarette smoker. My Dad consumed a couple of packs a day ever since I can remember. At least, he admitted two and it was probably more.

Well, his company requires that all employees over 45 have a complete physical. I don't know what the doctor said but Dad quit smoking and has been on the soapbox ever since. I am 18 and have smoked for four years. Dad must have smoked 20 years or more so why won't he let me alone?

Art:
Because he's finally decided to send up the right smoke signals. Ask the doctor, the banker, the fire chief, the coach and yourself—"Is it smart to smoke?"

Cigarette smoking is a cause of lung cancer and chronic bronchitis and related to other deadly diseases.

Many teenagers smoke because they think it makes them more attractive and popular. Nothing could be further from the truth.

Nobody has become popular just because he smokes. Smoking stains teeth and fingers, gives one bad breath, and makes clothes smell. Is this likely to attract popularity?

Tobacco is nobody's friend. Stop playing cigarette roulette.

Dear Pat and Marilyn:
I have been working for about six months and my brother seems to think that I have an endless supply of money.

At first, it was ten or twenty. But the other day he asked to borrow \$200 and stressed that he did not want Mom and Dad to know. He refused to explain why he needed such a large sum.

Why would a 17-year-old be so desperate for so much extra money? He receives a generous allowance.

Sister:
Stop the handouts. Allow your parents the privilege of determining the amount of money their 17-year-old son should have.

When a person asks to borrow, he should be willing to

SIUE Offers Business Program in St. Louis

Southern Illinois University at Edwardsville will offer a master's degree program in business administration starting this month in St. Louis for persons employed full-time who cannot attend regular classes on the Edwardsville campus.

An organizational meeting will be held at 9 a.m. Oct. 26 at the Ralston-Purina Co. Checkerboard Square, St. Louis. Each six-week-long course in the two-year sequence will include two intensive week-end seminars, beginning Friday and continuing through Saturday and Sunday.

"We've used this format for three years at 10 Military Air Force Command bases in the U.S. and the Azores," said John Megley III, associate dean of the SIUE Business Division.

"About 125 students already have received degrees and another 500 are currently enrolled."

Megley said a program is being started in St. Louis because of interest expressed by industry, government agencies and military personnel.

The week-end format was instituted to allow persons who could not take advantage of conventional educational opportunities to pursue a graduate degree in business, Megley said.

Program identical
"Except for the week-end

format, the program is identical in every respect to the master's degree program offered at the Edwardsville campus," Megley said.

"A team concept is used that lends itself to the case method in our courses, which are taught all over the world by our own resident graduate faculty members."

Megley said the faculty members in the program "are teaching in this format because they want to. We've taught more than 300 sections this way and have made continual improvements."

The week-end format has been so satisfactory that it will be instituted on the SIUE campus in 1973.

"We're doing what lots of people are talking about doing—developing new educational delivery systems," Megley said.

"We'll have come full circle when we begin using the format on our own campus."

Megley said students at military bases identify strongly with SIUE, although they've never seen the Edwardsville campus.

"The Military Airlift Command is already benefiting from this program because we're using some of the first graduates in key middle-manager positions," Gen. Catton said.

"What impresses me most is that there are no losers. Everyone is a winner—the individual, the Air Force and society. Surely the tremendous challenges of a rapidly

changing society require that we provide a dynamic educational system for our people. The SIU program is fulfilling this need within the Military Airlift Command."

Megley said the program is completely self-supporting. He said many businesses and agencies pay 100% tuition reimbursement to employees entering the program to upgrade their skills.

Janice Mueller Seated 58'ers 4-H President

The 58'ers 4-H Club installed new officers during its initial October meeting at St. John's United Church of Christ on Nameoki Road. The retiring officers installed the following girls: president, Janice Mueller; vice-president, Joann Kamblich; secretary, Brenda Wadlow; treasurer, Ruth Orr; and song leader, Peggy Smolich.

The new president conducted the meeting. Ann Brusati led the pledge to the flag and Peggy Smolich the 4-H pledge.

The birthdays of Mary Mueller and Helen Zelenka were observed, and leaders Mrs. Harriet Bunselmeyer and Mrs. Eva Mueller reported on the 4-H Week display the club sponsored in the lobby of the First Granite City National Bank.

Knitting and crocheting classes will be held 7:30 to 9 p.m. Oct. 19 at the church. Jeanne Jackson and Elaine Kayich led the recreation period, and refreshments were served by Joan Hollenbeck and Helen Zelenka.

The girls turned in enrollment cards, signing up for their projects for the coming year. The next meeting will be Nov. 12.

Others attending were Martha Mueller, Susan Sigle, Monica Wadlow, Rhondice Wadlow, Brenda Wadlow, Karen Spencer and Dena Long.

Scholarship Test Set Oct. 28 at High School

The preliminary scholastic aptitude - National Merit Scholarship qualifying test will be administered at Granite City High School at 8 a.m. Saturday, Oct. 28.

The test is designed to aid secondary schools in counseling high school sophomores and juniors as they plan for college and to serve juniors who wish to be considered for scholarships administered by the National Merit Scholarship Corp. It also provides an early measure of the verbal and mathematical abilities tested by the College Entrance Examination Board's scholastic aptitude test, which many colleges require of applicants for admission.

Jane Fonda to Speak at SIUE On N. Viet Tour

Actress Jane Fonda will speak and show slides from her recent trip to North Vietnam at 2 p.m. Monday at Southern Illinois University at Edwardsville.

Miss Fonda is touring the country speaking on behalf of the Indochina Peace Campaign, a non-partisan group working to end the Indochina war. The group is asking for donations of 50 cents from students and \$1 from non-students for the presentation in the Meridian ballroom of the University Center.

While in North Vietnam, Miss Fonda made broadcasts to U.S. servicemen from Hanoi. U.S. Rep. Richard Ichord (D-Mo.), head of the House Internal Security Committee, called for prosecution of Miss Fonda on charges of sedition because of the broadcasts.

Her appearance was arranged by the current events committee of the University Center Board at SIUE.

The SIUE professor, who grew up in Missouri, says he was asked so many times if he was related to T. J. Pendergast he began referring to the late well-known political boss "my Uncle Tom. I wasn't related to him, either," he said. "We

Future Secretaries Initiate, Install at Meet

Forty-four new members were initiated into the Granite City High School Chapter of Future Secretaries of America and officers were installed in ceremonies held in the fellowship hall of Central Christian Church.

The new officers are Kathy Williams, president; Karen Richardson, vice-president; Brenda Mathis, corresponding secretary; and Donna Lindner, treasurer.

The hall overflowed with parents, relatives, guests and members of the local National Secretaries Association, sponsoring unit.

Whitehead Is Speaker
Highlighting the one hour program was a talk given by C. P. Whitehead, former president and chairman of the board of General Steel Industries.

Bringing out the fact that he

started his career as a stenographer-typer after attending a business school in St. Louis at the insistence of his father, Whitehead said that it takes more than the knowledge of shorthand and typing before an individual can be classed as a secretary.

Among the many hints he passed on to the Future Secretaries were the following: "Most important," he said, "if you make a mistake, don't try to hide it. Admit it at once and then try to correct it."

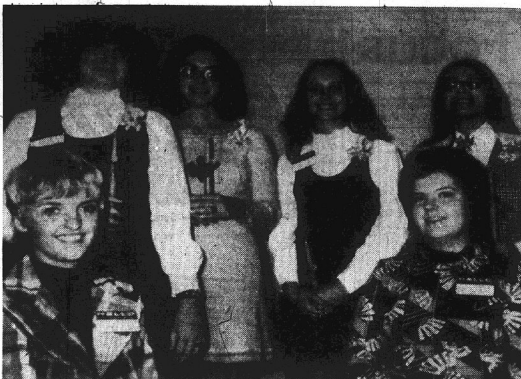

"When working under pressure, don't try to work so quickly that you keep making mistakes and have to start over. You waste more time this way than if you work calmly and a steady." Whitehead admitted his pet peeve was dictating to stenographers who wrote part of their notes in longhand instead of shorthand.

Boss of Chairman

White head is the boss of Mrs. Charlie Vunovic, FSA committee chairman, who served as master of ceremonies. Miss Twila Edmonds, president of the Tri-Cities chapter, welcomed the guests and initiates, and the Illinois Division treasurer, Mrs. Myrtle McCormick of Springfield, extended greetings on behalf of the Illinois board of directors.

The initiation ceremony was read by June Moele, CPS, a former member of the Institute for Certifying Secretaries and a member of the Alton Chapter NSA. FA President Kathy Williams closed the meeting. Refreshments were served.

The first FSA meeting of the school year was held in the new cafeteria. Most of the 66 members of the chapter attended and asked questions of a boss

panel composed of Larry Siderer, president of Siderer Supply; Mary Sedekum, partner in Amco Plumbing Co.; Casper Nighossian, assistant state's attorney; and Ted Ellerman, assistant administrator, St. Elizabeth Hospital. Alma Davis was in charge of the program.

Questions included: "Would you hire a single girl or would you prefer a married woman?" "Would the fact that a girl had been a co-op student be in her favor as far as you were concerned?" "What is the most annoying habit for a secretary to have?" "If a girl had long hair, would you want her to wear it tied back?" and "Is it absolutely necessary to know shorthand to be a secretary?"

The questions and answers were coming so quickly that it was difficult for Mrs. Vunovic, moderator to bring the meeting to a close. Each boss told of the qualities they most admired in their employees.

Ranking high on the list were punctuality, neatness in work and in dress, a pleasant smile and manner, a good telephone voice, dependability, following the boss' orders without question, and most of all, showing initiative in the performance of their work.

Karen Goetting, ways and means chairman, announced that the 2,000 pencils had been distributed, and some members still had not turned in all of their pencil money. Those who

still had money to turn in were urged to do so at once.

President Kathy Williams announced that FSA would have a gypsy fortune telling booth at the Homecoming activities, with Melaine King in charge of details.

At the invitation of the Tri-Cities Chapter, 13 members registered for a day-long secretarial workshop sponsored by the Alton Chapter NSA at SIUE. Those participating were seniors Donna Lindner, Angela Hall, Barbara Siebert, Kathy Williams, Karen Richardson and Brenda Mathis, and juniors Joline Hamilton, Sharon Mang, Connie Jackson, Debbie Anderson, Randee Harper, Sandy Fox and Robin Scarborough.

Members were reminded that unexcused non-attendance at three meetings was cause for immediate dismissal from the chapter.

The next FSA meeting is scheduled for Tuesday, Nov. 7.

Teacher Centers Formed, Receive \$18,700 Grant

TEACHERS' CENTERS, a new concept in American education, have been established in St. Louis County and Belleville and have just received an \$18,700 grant from the National Science Foundation, says Thomas O'Brien, professor at Southern Illinois University at Edwardsville and originator of the centers.

"A teachers' center is a congregation of teachers who meet regularly to swap ideas, generate positive, consider and contrive alternatives and generally work coherently and collaboratively to improve what they're doing in their classrooms," said O'Brien, an authority on elementary mathematics teaching.

The Belleville Area Teachers' Center at St. Augustine's School was started about seven months ago. Meetings are held from 5 to 8 p.m. every Wednesday. The St. Louis Area Teachers' Center at the Hanley Road Church in Clayton had its first meeting in September. Meetings will be held from 9:30 a.m. to noon Saturdays.

O'Brien said though the Belleville center already has received national attention, it will remain "an informal, grassroots operation. It's simply a group of teachers trying to better teach children."

Six Activities
The centers have six major activities, O'Brien said: Swapping of ideas by teachers, deriving of activities in mathematics education from available resources, construction of activities where they do not presently exist.

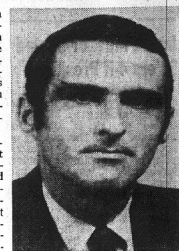

The establishment of a professional resources library of texts, journals and videotapes in mathematics education, informal and formal research, and guest lectures by international leaders in mathematics education.

O'Brien said current interests of the center participants are children and elementary school math education.

"Our position is that math education is concerned with thinking, that a math program should result in children who regard thinking as worth while, and that thinking by children needs to be attended to as a curricular objective and as a research area," he said.

O'Brien said teachers and administrators in public and private schools participate in the centers at no cost.

"Participants commit themselves for a 12-week session," O'Brien said. "At the end of 12 weeks, they may sign on for another session or drop out. Those

THOMAS O'BRIEN

enrolling for 12-week sessions are encouraged to participate in clusters — two or three from a school — so the effectiveness of their work may be greater."

He said the centers do not offer courses in the traditional sense. "Rather, I'd call it an immersion in alternative seeking for math education."

W. Deane Wiley, dean of the SIUE Education Division, said the centers "are maybe the first ones in the country and certainly the first ones in the area. We're pleased to be a part of them."

O'Brien came to SIUE in 1970 from Boston University. He earned his Ph.D. from New York University in 1967.

COMMON MARKET EDUCATION. Officials from six institutions of higher learning met Monday in Edwardsville to announce the formation of an intercollegiate common market-type educational organization to be known as the Metro East-St. Louis Regional Council on Interinstitutional Cooperation. They are, from left, Andrew Kochman, vice-president and provost of Southern Illinois University at Edwardsville; W. Richard Stephens, vice-

president of academic affairs at Greenville College; Eric Rackham, president of McKendree College; H. J. Habenecker, president of Belleville Area College; Leon Seltzer, dean of Parks College of Aeronautical Technology; and Robert Birkhimer, president of Lewis and Clark Community College. Other institutions involved in the regional council will be Blackburn College, Kaskaskia College, Rend Lake College and State Community College.

Common Market Education by 10 Colleges

Ten area universities and colleges in Illinois announced the formation on Monday of an intercollegiate, common market-type educational organization to be known as the Metro East-St. Louis Regional Council on Interinstitutional Cooperation.

At a press conference, Dr. Eric N. Rackham, president of McKendree College at Lebanon, a member of the new council, said the group was submitting a proposal to the Illinois Board of Higher Education seeking a \$75,000 grant to support the work of the council for one year beginning Jan. 1.

A "memorandum of agreement" signed by the presidents of the 10 institutions says the council will provide a framework for facilitating cooperative program development and explore means through which potential funds available for programs of interinstitutional cooperation can be obtained for the mutual benefit of the colleges.

The charter members of the council, in addition to McKendree, are Belleville Area College, Blackburn College at Carlinville, Greenville College, Kaskaskia College at Centralia, Lewis and Clark Community College at Godfrey, Parks College of Aeronautical Technology at St. Louis, Illinois, and

Lake College at Ina, Southern Illinois University at Edwardsville and State Community College at East St. Louis.

The grant proposal, forwarded to the BHE, says the council will "facilitate, encourage and sustain interinstitutional cooperation, planning and program development," as advocated in the BHE's Master Plan—Phase III and the Illinois Higher Education Cooperation Act.

Rackham said the council would survey educational and service needs in the communities served by the colleges, coordinate both human and physical resources of the institutions and develop "needed and innovative programs that more effectively serve the educational and service needs of the area and state."

Membership in the new regional council will remain open to any post-secondary institution, public or private, located in the Illinois counties of Madison, St. Clair, Monroe, Bond, Jersey, Macoupin, Jefferson, Washington, Marion, Clinton and Randolph, the Missouri counties of St. Louis, St. Charles, Franklin and Jefferson and the City of St. Louis.

The memorandum of agreement says participation in the regional council will not "inhibit or diminish any member institution's exercise of powers, authorities, or other prerogatives," which an institution could exercise autonomously prior to entering into the agreement.

Membership in the council

"shall in no way alter the autonomous status of any participant," the agreement says. The agreement also prohibits the council from serving as an agency "whose evaluation, screening, or prior approval is required in respect to any facet of the educational program of any member institution."

The council will be a voluntary organization and membership can be terminated at any time by written notice of an intent to withdraw.

The agreement sets up a forum, composed of the chief executive officers of the member institutions, which will serve as the policy-making body of the regional council. The chairmanship of the forum will be rotated annually among member institutions.

Announcement of the formation of the regional council caps several months of informal meetings which have been held by the colleges. "There has been a demonstrable spirit of interest, concern and cooperation during these meetings. While selected, cooperative activities have been initiated by this inter-institutional group, it has become apparent that a more formal mechanism for cooperation and an organized vehicle for planning is mandatory," the proposal to the BHE says.

The proposal includes plans to study educational and service needs in the area, survey special areas of faculty expertise and develop systems of transferability between staff, students and curriculum among participants. The group also proposes to form administrative, faculty, student and community task forces to develop specialized curricula to develop.

Sinatrass Still at Top With Romantic Ballads

By JUDY HUGG
Copley News Service

There's no denying that the Sinatras, Frank and Frank Jr., have a way with the slow, romantic ballad. To prove the point one needs only to pick up the following three albums.

As a starter, especially for the "older generation," RCA has a Vintage Series album out on the senior Sinatra, with the Tommy Dorsey Orchestra, that brings 1940-42 back as though it were only yesterday.

The LP sounds like yesterday too, since each take is an untampered-with original recording from the huge RCA vaults. It's an invaluable addition to any record library.

Then there's Sinatra's perfect timing and phrasing, which becomes so evident on his "Frank Sinatra's Greatest Hits Vol. 2" on Warner-Reprise. On this one, several of Rod McKuen songs are included, such as "Cycles," "Love's Been Good To Me," and "I'm Not Gravid," and, of course, Side J, Cut 1, is his blockbuster "My Way."

With talk of Sinatra coming out of retirement, this album gave us a chance to look back before going forward. A "Vol. 3" by Sinatra on Warners should prove to be another monumental album.

"Frank Sinatra Jr. His Way" is the ambitious title of this Daybreak Records release. It's in typical style for Jr.'s lovers—great.

Young Sinatra has chosen his own favorite songs and some are not well-known; however, he sings them very well. "The Fool Who Dared To Dream," from Broadway's "It's A Funny Old World," "Life Is What You Make It," and "Have A Nice Day," are examples of the tunes he picked and sings, his way, just like good old dad did.

Columbia Records has paid a couple of piano concertos that offer extraordinary insight into the growth of a great artist, Johannes Brahms.

Brahms was 25 when he finally finished the D minor Concerto in 1858 after years of extensive revisions. It still did not satisfy him (little that Brahms ever wrote satisfied him), but he undertook its performance in Hanover on Jan. 22, 1859, with himself as the soloist. It was a disaster.

The thunderous sounds from Brahms brought forth from both orchestra and piano overwhelmed an audience used to the niceties of Mendelssohn. This was youthful fire in orchestral form, laced with discordant and frenzied waves of sound. Many in the audience hissed.

Brahms' first piano concerto was so unusual that it took European audience 30 years to accept it.

In a double record offering (MG31421), Columbia has paired this first piano concerto with the B-flat Concerto that Brahms completed in 1881—when the composer was 48.

It is remarkable to compare the two, to play them back to back. While the first concerto is wild and disorderly the B-flat Concerto is a masterpiece of absolute, mature control. It is obvious that the two concertos were written by the same man,

but recognition is difficult—like seeing again a friend you have not seen for 20 years.

Brahms, who started out as a fiery romanticist under the influence of Schumann, had moved well back in time toward the classicism of Haydn by the time he wrote the B-flat Concerto.

The performances are by the Cleveland Orchestra with the late George Szell conducting (the records are reissues) and Rudolph Serkin as the piano soloist. The Brahms concertos are physically exhausting in their demands on the pianist. Serkin proves himself strong as well as technically brilliant.

Art Exhibit, Sale

Scheduled at SIUE

An exhibition and sale of contemporary and old master original graphic art will be held from 10 a.m. to 5 p.m. Wednesday in the lobby of the Communications Building at Southern Illinois University at Edwardsville.

Sponsored by the SIUE Art Department, the exhibition will include more than 1,000 original etchings, lithographs and woodcuts by such artists as Picasso, Chagall, Dali, Goya, Renoir, Miro and Kollwitz, as well as those of contemporary American, European and Japanese printmakers. Prices begin at \$5, with the majority under \$100.

A representative of the Ferdinand Roten Galleries Inc., presenter of the exhibit, will be at SIUE to answer any questions the public may have regarding graphic art and printmaking.

Established in 1932, Roten Galleries has one of the largest collections of graphic art in the country and specializes in arranging exhibition sales of original graphic art at colleges, museums and art centers throughout the country.

Service Station To Be Erected; \$105,370 Values

A building permit for a new service station has been obtained by the Mobil Oil Corp. to be constructed at a cost of \$85,000 at Nameoki and Pontoon roads.

It will replace an existing station which will be razed at a cost of \$1,000. Four accompanying permits were for an 18x20 foot electric sign and for display surfaces for the sign.

The permits were among 16 listing values totaling \$105,370 during the first week in October.

Other permits were obtained by Charles Johnson, 2117 Cottage Ave., a room addition, \$3,500; Charles Purney, 2014 W. 20th St., a garage, \$800; Paul McGinn, 3000 Faith Ave., a garage, \$2,000; Franklin Smith, 1911 Lynn Ave., install aluminum siding, \$1,500;

Robert Martin, 2643 Iowa St., install aluminum siding, \$2,000; Bob Norton, 2001 Lee Ave., general repairs, \$3,500; Jerry Williams, 2602 E. 24th St., a roof, \$400; Lola Baker, 1711 Edwardsville Road, repair building, \$1,800;

Paul Buford, 2247 Iowa St., install siding, \$850; William E. Wallace, 2936 Iowa St., install siding, \$500; and Millard Winfield, 1845 Brunen Ave., install siding, \$1,000.

Another permit was issued to contractor Henry Ross to raze a slide at the Nameoki Village shopping center at a cost of \$3,000.

Back Tax Collections Mount Up In County

A total of \$46,838.79 in delinquent personal property taxes was collected in September from Madison County taxpayers, according to Fred W. Painter, deputy county treasurer in charge.

He reported that for the first nine months of this year collections total \$265,781.91, and since the county started its crackdown on delinquent taxes during the 1969 fiscal year, a total of \$809,116.58 has been collected.

As of Sept. 30, there have been 6,336 small claims cases filed with the clerk of the circuit court, Painter said. The department paid \$16,330.50 in court costs as of the end of September, and \$1,348 has been paid to the county sheriff for service of summonses, the report showed.

During last month, the department collected \$2,381.37 for the county's general tax fund and turned over \$6,912 in penalties to the treasurer.

Collections during the three previous years were \$102,071.48 (part of year) in 1969, \$164,930.86 in 1970 and \$275,712.53 in 1971.

Youths Steal Items From Delivery Truck

Three youths about 16 years old apparently stole items from a United Parcel Co. truck while the driver was making a delivery in the 1300 block of 19th Street during the weekend.

The driver, Charles Lewis of Godfrey, said he parked the truck in an alley off 19th to make a delivery nearby. When he returned, Lewis was told that three youths were seen in the truck, taking items from the vehicle. Several cartons were strewn about the area.

Lewis located three boys at 17th Street and Edison Avenue, but they eluded him.

About two hours later, Lewis returned and found two rolls of wallpaper under the rear seat of a car parked in the 1700 block of Edison. Police returned the items to the delivery man.

HAIR UNLIMITED THE ONE-STOP BEAUTY SHOP

Located at 2264 State Street, Hair Unlimited, the one-stop beauty shop, is delighted to welcome back Karen Davis to its staff. Karen is returning to Hair Unlimited after a recent illness. The entire staff says, "We're glad to have you back!"

And it goes without saying, so do all of Karen's customers.

Along with Karen to serve you is Shirley Sanders, Jane Jarmen, Pat Fithen and Judy Sloan, and of course, Maimie Dickey, proprietor.

Karen will be back taking appointments on Thursday, October 12.

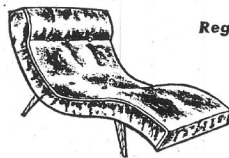

For your convenience we will now be open on Mondays. No appointment necessary Monday through Friday 8:00 A.M. to 7:00 P.M. or Saturday 8:00 A.M. to 2:00 P.M. You may make an appointment by calling 874-8888 or 874-8985.

Madison Lions Collect \$947 In Candy Sale

The Madison Lions Club with the assistance of Explorer Post 104 collected a total of \$947.84 during the weekend to benefit the blind in the Lions' annual Candy Sale.

Working under the supervision of Madison Police Sgt. Ronald Grzywacz, the Lions who worked the road block at Sixth and Madison avenue were: Walter Strange, Matt Ozanich, Walter Gavlick, Jim Perdue, Jerry Maeras, Mike Sasyk, Elmer Smith, Jim Childers, Dave Clark, Andy Economy, Sam Dumura, Robert Rogers, Charles Miles, Ed Goclan and Tony Anselmo.

Explorers helping were Randy Affolter, Mike Bibrey, Phil Daniels, Rick Hooks, Kevin Kearns, Mike Noud, Vince Saputo, Jack Small and Mike Willmore.

Largest single contribution was \$100 given by B. E. Hohl of Granite City.

Several motorists donated \$5 and \$10 Grzywacz reported. Those who made a contribution received a roll of special Lions Day Candy dispensers.

Marriage Licenses Issued
